Dear Veterans and Community Members:

My gratitude goes to all veterans for your commitment and sacrifice in serving our nation. In an effort to provide veterans in Western Massachusetts with a comprehensive guide of services and benefits available to them and their families, the Office of the Northwestern District Attorney and Veterans Justice Partnership have created The Blue Book.

This guidebook offers contact and general information about local, state, and federal resources for Western Massachusetts veterans and their families. We hope this book makes the “alphabet soup” of veteran and community resources easier to understand and access. The Blue Book offers a comprehensive guide to help navigate the maze of services and benefits each veteran has justly earned.

The Veterans Justice Partnership (VJP) is a community partnership helping court-involved veterans with treatment options, alternatives to incarceration, housing, employment, veterans’ benefits, and mental health services. Our Western Massachusetts Veterans Treatment Court is the newest resource available for court-involved veterans. (See page 45) Please directly contact VJP and Soldier On if you or a veteran you know needs help for a court-involved matter. The VJP/Soldier On toll free phone number is 1-866-406-8449.

For detailed information on eligibility requirements, services, or benefits visit the specific websites or call the telephone numbers provided. You can download The Blue Book on-line by visiting northwesternda.org/sites/default/files/Veterans.pdf. Please forward this guidebook to anyone who might be able to use it.

Thanks to the many service providers who help veterans every day. Special thanks to our DA staff and Soldier On who helped to bring The Blue Book to veterans, their families, and the Western Massachusetts community. It takes all of us working together, helping and advocating for veterans, to keep America’s promise to “Leave No Veteran Behind.”

Sincerely,

David E. Sullivan
Northwestern District Attorney

Introduction.

Section I. Definitions of Massachusetts Veterans

Massachusetts General Law Requirements
To be a veteran under Massachusetts law an individual is required to have either:

- 180 days of regular active duty service and a last discharge or release under honorable conditions, or
- 90 days of active duty service, one day of which is during “wartime” per the chart on page 2, and a last discharge or release under honorable conditions, except for Vietnam I, which requires 180 days of active duty service.

Guard Members
For a Guard Members to qualify s/he must have either:

- 180 days and have been activated under Title 10 of the U.S. Code and a last discharge or release under honorable conditions, or
- Members who were activated under Title 10 or Title 32 of the U.S. Code of Massachusetts General Laws, Chapter 33, Sections 38, 40, and 41 must have 90 days, at least one of which was during “wartime,” per the chart on page 2. The members’ last discharge or release must be under honorable conditions.

Reservists
For a Reservist to qualify, s/he must have been called to regular active duty, at which point his/her eligibility can be determined by the chart on page 2.

Minimum Service Exception (for death or disability)
It is not necessary that an applicant have completed the minimum service for wartime or peacetime campaign if s/he served some time in the campaign and was awarded the Purple Heart or suffered a service-connected disability per the Discharge Certificate, or died in the service under honorable conditions. Refer to the chart on page 2.

Training Duty Exception
Active service in the armed forces, as used in this clause shall not include active duty for training in the Army or Air National Guard or active duty for training as a Reservist in the armed forces of the United States. Refer to the chart on page 2.

Merchant Marine
Any Merchant Marine who served for a period of 9- days in armed conflict between December 7, 1941 and December 31, 1946, and who received an honorable discharge from the Army, Navy, or Coast Guard of the United States.

Eligible Dependents
The following categories of persons may qualify as dependents eligible to receive veterans’ benefits:

- Spouse of a veteran;
- Widow or widower of a veteran;
- Dependent parent of a veteran;
- Any person who acted as a parent to the veteran for five years immediately preceding the commencement of the veteran’s wartime service;
- Child of the veteran until his/her 19th birthday;
- Child of the veteran between 19 years and 24 years of age while the child is attending high school, an institution of higher learning or some other accredited educational institution;
- Child of the veteran 19 years of age or older who is mentally or physically unable to support him/herself and was affected by the disability prior to his/her 18th birthday;
- Legally adopted children of the veteran.

**Not Eligible**

None of the following shall be deems to be a veteran:

- Any person, who at the time of entering into the armed forces of the United States, had his/her intention to become a subject or citizen of the United States and withdrew his/her intention under the provisions of the Act of Congress approved July 9, 1918;
- Any person who was discharged from the said armed forces on his/her own application or solicitation by reason of his/her being an enemy alien;
- Any person who has been proved guilty of willful desertion;
- Any person whose only service in the armed forces of the United States consists of his/her service as a member of the Coast Guard Auxiliary or as a temporary member of the Coast Guard Reserve, or both;
- Any person whose last discharge or release from the armed forces is dishonorable or other than honorable.

**NOTE:** Eligibility requirements for benefits and resources vary. Contact organizations directly with eligibility inquiries.
Section II. Veterans’ Bill of Rights

Under the Code of Massachusetts Regulations, veterans have a right to:

- File a written application for veterans’ benefits at any time. You can insist on this right even if told that you are not eligible;
- Receive assistance from your local Veterans’ Service Office (VSO) in completing your application. See Benefits and Benefit Aid, Section II, Veterans’ Service Officers, p. 6;
- Receive a full explanation of the services and benefits available under Chapter 115, as well as other available benefits. See Benefits and Benefit Aid, Section II, Chapter 115, p.5;
- Receive a written notice and explanation of the approval or denial of your application for benefits;
- Be treated with dignity and respect and to receive accurate, courteous, and timely service;
- Appeal and request a hearing if you disagree with any action taken in your case;
- Expect confidentiality: personal information will not be collected or used except for the purpose of determining your eligibility for benefits;
- Receive fair and equal treatment without regard to sex, race, religion, handicap, ethnicity, or national origin;
- Preference in public employment.

For additional information on veterans’ rights, visit www.mass.gov/veterans or contact a local Veterans Service Officer. See Benefits and Benefit Aid, Section II, Chapter 115, Veterans’ Service Officers, p. 6.

Massachusetts Fallen Heroes
www.massfallenheroes.org

Massachusetts Fallen Heroes was established in 2010 by Boston firefighters, local Veterans, Gold Star Families, Police Officers, and other patriotic citizens. It partners with a network of Massachusetts civilian organizations, Veterans organizations, non-profits, and private corporations who donate their professional services to assist in the process of providing local Veterans and their families with specialized assistance. It has evolved from a charity strictly geared towards building a tribute honoring fallen heroes into multifaceted organization that acts as a liaison in acquiring educational, employment, medical, legal, financial, and numerous additional services.

www.redcross.org/find-help/military-families/veterans-services
1(413)737-4306
506 Cottage Street
Springfield, MA 01104

The Red Cross maintains its commitment to the men and women who have served in the U.S. Armed Forces. The Red Cross provides the following services to veterans and their families:

Referrals to Community Resources
The American Red Cross offers confidential services to all military veterans and their families by connecting them with Red Cross, national, state and local resources through its network of chapters in communities across the United States and offices on military installations worldwide. Local Red Cross offices develop and maintain relationships with key community partners. Veterans and their families rely on the Red Cross to help them identify their needs and connect them to the most appropriate Red Cross and other resources. Services range from responding to emergency needs for food, clothing, and shelter; providing referrals to counseling services (e.g., financial, legal, jobs, mental health) and information on veterans’ cemeteries and burial benefits; and offering other resources that meet the unique needs of local veterans and their families.

Veterans Claims for Benefits
The Red Cross assists veterans and their family members in preparing, developing, and obtaining sufficient evidence to support applicants’ claims for veterans’ benefits. We also assist claimants who seek to appeal to the Board of Veterans’ Appeals (BVA). This work is done by Red Cross staff at the BVA as well as a network of State Work-Share Representatives who are accredited by the Department of Veterans Affairs to work on behalf of the Red Cross. See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Claims Decisions Appeals, p. 9.

Volunteerism in VA & Military Hospitals
Red Cross volunteers serve in Veterans Administration and military hospitals around the nation and around the world.
Western Massachusetts Vet Center

www.vetcenter.va.gov
1(413)737-5167
1986 Main Street, Northgate Plaza
Springfield, MA 01103

Vet Centers welcome home the war veteran by providing readjustment services in a caring manner and assisting him/her and his/her family members toward a successful post-war adjustment in or near their respective communities. Vet Center counselors provide bereavement counseling to parents, spouses, and children of armed forces personnel (including Reservist/ National Guard members) who died in the service of the country.

Vet Center services include: individual readjustment counseling, substance abuse information and referral, job counseling and placement, sexual trauma and PTSD counseling, and community education. All services are free of charge to eligible veterans, their families, and significant others. Vet Center staff protects the privacy of all clients. All records related to treatment are strictly confidential and will not be shared with the Department of Veterans Affairs.

Section II. State Resources and Benefits

Chapter 115

Under Chapter 115 of Massachusetts General Laws, the Commonwealth provides a needs-based means tested program of financial and medical assistance for indigent veterans and their dependents. Chapter 115 requires every city and town to maintain a Department of Veterans’ Services* through which the municipality makes available to its residents the part-time or full-time services of either an exclusive or district Veterans’ Service Officer**.

Qualifying veterans and their dependents receive necessary financial assistance for food, shelter, clothing, fuel, and medical care in accordance with a formula which takes into account the number of dependents and income from all sources. Eligible dependents of deceased veterans are provided with the same benefits as if the veteran were still living. To apply, contact a Veterans Service Officer by referring to the chart on page 6.

*Department of Veterans Services

www.mass.gov/veterans
1(617)210-5480

The mission of the Department of Veterans’ Services (DVS) is to act as the chief advocate for the nearly 400,000 Commonwealth veterans and their families. They do this by:
- Helping veterans navigate available federal, state and local programs and benefits and other resources
- Serving as a clearinghouse of information for veterans and their families
- Coordinating veterans services across state agencies and local governments
- Developing innovative, flexible programming and outreach to address veterans’ needs
- Providing individualized support and interventions where necessary
- Providing leadership and proactively responding to systematic issues and policies that impact veterans and their families
- Providing a dignified resting place for our fallen heroes

Programs provided by DVS include:
Mass Vets Advisor  
www.MassVetsAdvisor.org

Mass Vets Advisor is an easy to use website for financial, educational, and housing benefits and services that for which veterans are eligible. It combines state and federal benefits, as well as non-profit resources into one tailored online search. The data is comprehensive and currently provides search results from Massachusetts and Federal resources, listing only the benefits and services the veteran is qualified for, and, where available, an "action plan" to apply for the benefit. Users will be able to print, email, save, or forward the action plan to his/her Veterans Services Officer. Refer to the chart on page 6.

Statewide Advocacy for Veterans' Empowerment (SAVE)
See Medical and Mental Health, Section III, Statewide Advocacy for Veterans’ Empowerment, p. 54.

**Veterans' Services Officers**  
www.nacvso.org

Veterans’ Service Officers (VSOs) are knowledgeable about an array of federal, state, and local benefits to which veterans and their dependents may be entitled. The National Association of County Veterans’ Service Officers was recognized officially by the Department of Veterans Affairs “for the purpose of preparation, presentation, and prosecution of claims under laws administered by the Department of Veterans Affairs.” VSOs know the extent, the meaning, and application of laws that have been passed by Congress in the interests of veterans and their dependents, as well as the rules and regulations adopted by the VA to clarify and implement those laws. The VSO will apply specialized knowledge in the best way suited to the needs of every individual veteran or other beneficiary who comes to the office for assistance. A VSO can assist veterans, widow(er)s of veterans, children of deceased or disabled veterans, parents of deceased veterans who have questions about compensation, pensions, school benefits, life insurance, medical benefits, veterans state benefits, burial benefits, or discharge upgrades; or if they need referrals for Post-Traumatic Stress Disorder treatment, hospitalization, outpatient medical and dental treatment, alcohol and drug dependency treatment, home loans, or small business administration. Property Tax Exemptions

Property Tax Exemptions are available to veterans in Massachusetts. To qualify, veterans must be legal Massachusetts residents, must be occupying his or her Massachusetts domicile on July 1 in the year of application, and must have lived in Massachusetts for at least six months before entering the service or have lived in Massachusetts for a least five consecutive years immediately prior to filing. In most cases, a surviving spouse receives the exemption if s/he was receiving it before the veteran passed away.

State Bonuses and Annuities

The Commonwealth of Massachusetts offers one-time bonuses and annuities to certain eligible veterans, their spouses, and dependents.

Bonuses

The Commonwealth of Massachusetts provides a bonus to veterans of certain designated campaigns who were domiciled in Massachusetts immediately prior to entry in the armed forces. In the case of the death of a veteran, the spouse and children, mother or father, brother or sister or other dependents of the deceased veteran (in that order) are eligible for a bonus.
The Commonwealth of Massachusetts and the Department of Veterans' Services provide an annuity in the amount of $2000 to 100% service-connected disabled veterans. This annuity is payable biannually on August 1st and February 1st of $1000 each. It is granted to 100% service-connected disabled veterans, the surviving parents, and the un-remarried spouses of certain deceased veterans who give their lives in the service of their country during wartime.

Section III. Federal Resources and Benefits

Veterans and other claimants for Department of Veterans Affairs (VA) benefits have the right to appeal decisions made by a VA regional office, medical center or National Cemetery Administration (NCA) office. Typical issues appealed are disability compensation, pension, education benefits, recovery of overpayments, reimbursement for unauthorized medical services, and denial of burial and memorial benefits. A claimant has one year from the date of the notification of a VA decision to file an appeal.

An appeal involves many steps, some optional and some necessary: (1) **Notice of Disagreement** (NOD). The NOD is a statement written by a veteran that s/he disagrees with a claims decision that has been made. The veteran should be specific about which issues with which s/he disagrees. An NOD must be filed within one year of the date of the letter informing the veteran of a decision. (2) **Statement of the Case** (SOC). The SOC is a summary of the evidence considered, actions taken, decisions made, and the laws governing the decision. Once an SOC is done on an appeal, any SOC filed after that is considered a Supplemental Statement of the Case (SSOC). (3) **Formal Appeal**. The standard form for formalizing an appeal is VA Form 9. This form must be received no later than one of the following two dates: one year from the date of the letter notifying you of the decision, or 60 days after the date of the statement of the case. (4) **Optional Hearings**. Hearings are a chance for claimants to present evidence in person. They are held at the regional office by a Hearing Officer (HO). If the veteran chooses to have hearing, the HO will review the evidence in conjunction with the testimony and make a decision on the case. (5) **Board of Veterans' Appeals** (BVA). If the issue is not resolved in the veteran's favor, the appeal will continue with the BVA, the highest appellate body of the VA. If the BVA is provided with sufficient evidence by the local VA office, it will issue the final VA decision. (6) **United States Court of Appeals for Veterans' Claims** (CAVC). If an appeal to the court is filed within 120 days of a BVA decision, the CAVC, which is not part of the VA, will review the decision. CAVC decisions usually concern the procedural, legal issues involved in the "letter of the law."

National Service Officers (NSOs) can assist veterans in filing claims with the VA free of charge. *See Legal, Section III, Disabled American Veterans, p. 47.*

Veterans whose disabilities arose from service (“Service Connected” or “S/C” disabilities) may be entitled to Department of Veterans Affairs (VA) Compensation.
To file a disability claim, a veteran must complete and submit VA Form 21-526, Veteran’s Application for Compensation or Pension. County VSOs can help veterans complete this form. See Benefits and Benefit Aid, Section II, Chapter 115, Veterans Service Officers, p. 6. Evidence must be collected to support the veteran’s claim. The VSO will verify service dates and request service medical records. Other information the VA may request includes letters detailing specific experiences in service or information on the veteran’s dependents, employment history or income. The veteran will then be examined at a VA Medical Center based on the veteran’s claim and treatment history. See Medical and Mental Health, Section IV, Department of Veterans Affairs Central Western Massachusetts Healthcare System, p. 56. After each exam, an examination report will be prepared and sent to the VA. When all relevant evidence and examination reports are received, a record is rated to determine which disabilities the VA can pay for and the percent to which they are disabling. This may take two to three months. After the rating is completed, the veteran will be notified of the decision and the VA will provide the veteran with the reasons for all decision to grant or deny benefits. If the veteran does not agree with the decision, it may be appealed. See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Claims Decisions Appeals, p. 9.

**Dependency and Indemnity Compensation**

Dependency and Indemnity Compensation is a tax-free monetary benefit generally payable to a surviving spouse, child, or parent of service members who died while on active duty, active duty for training, or inactive duty training, or to survivors of veterans who died from their service-connected disabilities. Parents Dependency and Indemnity Compensation is an income-based benefit for parents who were financially dependent on a service member or veteran who died from a service-related cause. See Benefit and Benefit Aid, Section III, Department of Veterans Affairs Pensions, Aid and Attendance or Household Benefits, p.13.

**Service-connected Disability Compensation**

Disability compensation is a monetary benefit paid to veterans who are disabled by an injury or illness that was incurred or aggravated during active military service. These disabilities are considered to be service-connected. Monthly disability compensation varies with the degree of disability and the number of dependents. Veterans with certain severe disabilities may be eligible for additional special monthly compensation. The benefits are not subject to federal or state income tax.

Programs include: Vocational Rehabilitation and Employment (VR&E) and VetSuccess, See Employment, Section III, Vocational Rehabilitation and Employment Program, p. 32-33; specially adapted housing grants, temporary residence adaptation, See Housing, Section II; automobile allowances; clothing allowances; allowances for aid and attendance for housebound veterans, See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Pensions, Aid and Attendance or Household Benefits, p. 13; and fiduciary programs to help veterans manage their financial affairs.

**Special Monthly Compensation**

[www.benefits.va.gov/COMPENSATION/resources-rates-read-compAndSMC.asp](http://www.benefits.va.gov/COMPENSATION/resources-rates-read-compAndSMC.asp)

Special Monthly Compensation is an additional tax-free benefit that can be paid to veterans, their spouses, surviving spouses, and parents. For veterans, Special Monthly Compensation is a higher rate of compensation paid due to special circumstances such as the need of aid and attendance by another person or by specific disability, such as loss of use of one hand or leg. For spouses and surviving spouses, this benefit is commonly referred to as aid and attendance and is paid on the need of aid and attendance by another person. See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Pensions, Aid and Attendance or Household Benefit, p. 13.
**Department of Veterans Affairs Death Gratuity Payment**

Military services provide payment, called a death gratuity, in the amount of $100,000 to the next of kin service members who die while on active duty (including those who die within 120 days of separation) as a result of service-connected injury or illness. If there is no surviving spouse or child, then parents or siblings designated as next of kin by the service member may be provided the payment. The payment is made by the last military command of the deceased. If the beneficiary is not paid automatically, application may be made to the military service concerned.

**Department of Veterans Affairs Insurance**

www.insurance.va.gov

1(800)669-8477

Types of Department of Veterans Affairs (VA) Insurance include:

- **Accelerated Death Benefits**
  www.benefits.va.gov/insurance/abo.asp

  Service members Group Life Insurance, Family Service member Group Life Insurance and Veterans’ Group Life Insurance policyholders who are terminally ill (prognosis of nine months or less to live) have a one-time option of requesting up to 50 percent of their coverage amount (in increments of $5,000) paid in advance.

- **Family Service Members Group Life Insurance**
  www.benefits.va.gov/insurance/fsgli.asp

  Family Service Members Group Life Insurance (FSGLI) provides up to $100,000 of life insurance coverage for spouses of service members with full-time SFLI coverage, not to exceed the amount of SGLI the member has in force. FSGLI is a service members’ benefit; the member pays the premium and is the only person allowed to be the beneficiary of the coverage. FSGLI spousal coverage ends when: (1) the service member elects in writing to terminate coverage on the spouse; (2) the service member elects to terminate his or her own SGLI coverage; (3) the service member dies; (4) the service member separates from service; or (5) the service member divorces the spouse. The insured spouse may convert his or her FSGLI coverage to a policy offered by participating private insurers within 120 days of the date of any of the termination events noted above.

- **Service-Disabled Veterans’ Insurance**
  www.benefits.va.gov/insurance/s-dvi.asp

  A veteran who was discharged under other than dishonorable conditions and who has a service-connected disability but is otherwise in good health may apply to VA for up to $10,000 in life insurance coverage under the Service-Disabled Veterans’ Insurance (S-DVI) program. Applications must be submitted within two years from the date of being notified of the approval of a new service-connected disability by the VA. This insurance is limited to veterans who left the service on or after April 25, 1951. Veterans who are totally disabled may apply for an additional supplemental insurance coverage of up to $30,000. To be eligible for this type of supplemental insurance, veterans must meet all of the following three requirements: (1) Be under the age of 65; (2) Be eligible for a waiver of premiums due to total disability; (3) Apply for additional insurance within one year from the date of notification of waiver approval on the S-DVI policy.
Service Members Group Life Insurance
www.benefits.va.gov/insurance/sgli.asp

The following are automatically insured for $400,000 under Service Members’ Group Life Insurance (SGLI): (1) Active-duty members of the Army, Navy, Air Force, Marines, and Coast Guard; (2) Commissioned members of the National Oceanic and Atmospheric Administration and the Public Health Service; (3) Cadets or midshipmen of the U.S. military academies; (4) Members, cadets and midshipmen of the ROTC while engaged in authorized training and practice cruises; (5) Members of the Ready Reserves’ National Guard who are scheduled to perform at least 12 periods of inactive training per year; and (6) Members who volunteer for a mobilization category in the Individual Ready Reserve

Service Members Group Life Insurance Disability Extension
www.benefits.va.gov/insurance/sglidisabled.asp

Service members who are totally disabled at the time of separation are eligible for free SGLI Disability Extension of up to two years. They must apply to the Office of Service members Group Life Insurance (OSGLI) at 80 Livingston Ave., Roseland, N.J., 07068-1733. Those covered under the SGLI Disability Extension are automatically converted to VGLI at the end of their extension period. VGLI is convertible at any time to a permanent plan policy with any participating commercial insurance company.

Service Members Group Life Insurance Traumatic Injury Protection
www.insurance.va.gov/sgliSite/TSGLI/TSGLI.htm

Service members Group Life Insurance Injury Protection (TSGLI) helps severely injured service members through their time of need with a one-time payment. The amount varies on the injury, and helps service members and their families with unforeseen expenses and life after recovery. TSGLI is bundled with SGLI.

Veterans’ Group Life Insurance
www.benefits.va.gov/insurance/vgli.asp

SGLI may be converted to Veterans’ Group Life Insurance (VGLI), which provides renewable term coverage to: (1) Veterans who had full-time SFLI coverage upon release from active duty or the reserves; (2) Members of the Ready Reserves/ National Guard with part-time SGLI coverage who incur a disability or aggravate a pre-existing disability during a period of active duty or a period of inactive duty for less than 31 days that renders them uninsurable at standard premium rates; (3) Members of the Individual Ready Reserve and Inactive National Guard. SGLI can be converted to VGLI up to the amount of coverage the service member had when separated from service. Veterans who submit an application and the initial premium within 120 days of leaving the service will be covered regardless of their health. Veterans who don’t apply within this period can still convert to VGLI if they submit an application, pay the initial premium, and show evidence of insurability within one year after the end of the 120-day period.

Veterans’ Mortgage Life Insurance
www.benefits.va.gov/insurance/vmli.asp

Veterans’ Mortgage Life Insurance (VMLI) is mortgage protection insurance available to severely disabled veterans who have been approved by VA for a Specially Adapted Housing Grant (SAH). Maximum coverage is the amount of the existing mortgage up to $200,000, and is payable only to the mortgage company. Protection is issued automatically following SAH approval, provided the veteran submits information required to establish a premium and does not decline coverage. Coverage automatically terminates when mortgage is paid off.
Wartime veterans whose disabilities are not related to service (“Non-Service Connected” or “NSC”) and who have financial hardship may be entitled to Department of Veterans Affairs (VA) Pensions. The following pensions are available for eligible veterans:

**Aid and Attendance or Housebound Benefits**

Surviving spouses who are eligible for Dependency and Indemnity Compensation *(See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Compensation. Dependency and Indemnity Compensation, p. 10)* or Survivors Pension *(See below)* may also be eligible for Aid and Attendance of Housebound benefits. They may apply for these benefits by writing to their VA regional office. They should include copies of any evidence, preferably a report from an attending physician or a nursing home, validating the need for Aid and Attendance or Housebound type care. The report should be in sufficient detail to determine whether there is disease or injury producing physical or mental impairment, loss of coordination, or conditions affecting the ability to dress and undress, to feed oneself, to attend to sanitary needs, and to keep oneself ordinarily clean and presentable. In addition, it is necessary to determine whether the claimant is confined to the home or immediate premises.

**Veterans Pension**

The Veterans Pension benefit helps veterans and their families cope with financial challenges by providing supplemental income. It is a tax-free monetary benefit payable to low-income wartime veterans. Normally, a veteran must have at least 90 days of active duty service, with at least one day during a wartime period to qualify for a VA Pension. The veteran must also be age 65 or older or, totally and permanently disabled, or a patient in a nursing home receiving skilled nursing care, or receiving Social Security Disability Insurance, or receiving Supplemental Security Income.

**Survivors Pension (aka Death Pension)**

[www.benefits.va.gov/pension/spousepen.asp](http://www.benefits.va.gov/pension/spousepen.asp)

The Survivors Pension benefit is a tax-free monetary benefit payable to a low-income, un-remarried surviving spouse and/or unmarried child(ren) of a deceased veteran with wartime service. The deceased veteran must meet minimum service requirements. Survivors Pension is also based on yearly family income, which must be less than the amount set by Congress to qualify. Un-remarried spouses are eligible at age, while a child of a deceased wartime veteran must be under 18, or under 23 if attending a VA-approved school, or permanently incapable of self—support due to a disability before age 18.

**Disabled American Veterans**

*See Legal, Section III, Disabled American Veterans, p. 47.*
eBenefits
www.ebenefits.va.gov

eBenefits is a joint Department of Veterans Affairs/Department of Defense Web Portal that provides resources and self-service capabilities to service members, veterans, and their families to apply, research, access, and manage their VA and military benefits and personal information through a secure internet connection. Through eBenefits veterans can: apply for benefits, view their disability compensation claim status, access official military personnel documents (e.g. DD Form 214, Certificate of Release or Discharge from Active Duty), transfer entitlement of Post-9/11 GI Bill to eligible dependents (service members only), obtain a VA-guaranteed home loan Certificate of Eligibility, and register for and update direct deposit information for certain benefits.

Internal Revenue Service Tax Deferment
www.irs.gov

Service members are permitted to defer payment of state and federal income taxes due before or during military service if the service member’s ability to pay those taxes is materially impacted by his or her service. The deferment may last up to 18 days from the date the service member leaves military service. No interest or penalty may be added to the amount due for failure to pay during the period of deferment. Service members must notify the Massachusetts Department of Revenue or the Internal Revenue service to request a deferment.

Many workers qualify for the Earned Income Credit (EIC) because their income declined or they became unemployed. Tax refunds through the EIC and Child Tax Credit can help low- and moderate-income families cover day-to-day expenses such as utilities, rent, and childcare.

Make the Connection
www.MakeTheConnection.net

MakeTheConnection.net is a new, interactive online resource from the U.S. Department of Veterans Affairs (VA), which allows veterans to share experiences and offer and receive support from other veterans. This resource helps veterans and their families recognize that they are not alone—there are people out there like them who are going through similar experiences, overcoming challenges, reaching positive outcomes for treatment and recovery, and finding paths to fulfilling lives. These messages are conveyed by the most credible sources of all—the voices of other veterans.

Many of our nation’s veterans, from those who served in World War II to those who served more recently, can benefit from hearing the stories of others and gaining greater awareness of the resources that are available to help them move forward with their lives.

At MakeTheConnection.net, veterans can:
- View hundreds of candid video testimonials told by veterans and their families
- Learn more about the issues veterans may be facing
- Explore easy-to-navigate information about finding solutions in plain language
- Locate resources, programs, and services
The National Resource Directory (NRD) is a website that connects wounded warriors, service members, veterans, their families, and caregivers to programs and services that support them. It provides access to services and resources at the national, state and local levels to support recovery, rehabilitation and community reintegration. Visitors can find information on a variety of topics including: benefits and compensation; education and training; employment; family and caregiver support; health; homeless assistance; housing, transportation and travel; and volunteer opportunities.

The NRD is a partnership among the Departments of Defense, Labor and Veterans Affairs. Information contained within the NRD is from federal, state and local government agencies; veteran and military service organizations; non-profit and community-based organizations; academic institutions and professional associations that provide assistance to wounded warriors and their families.

The Pre-Discharge Program is a joint Department of Veterans Affairs (VA) and Department of Defense (DoD) program that affords service members the opportunity to file claims for disability compensation and other benefits up to 180 days prior to separation or retirement. The two primary components of the Pre-Discharge Program are Benefits Delivery at Discharge (BDD), which is offered to accelerate receipt of VA disability benefits, and Quick Start, which is offered to service members who have less than 60 days remaining on active duty or are unable to complete the necessary examinations prior to leaving the point of separation. The Integrated Disability Evaluation System (IDES) covers service members who are referred to Medical Evaluation Boards and provides: (1) a single disability exam conducted to VA standards that will be used by both Departments; (2) a single disability rating completed by the VA that is binding upon both Departments; and (3) expeditious payment of VA benefits within 30 days of a service member’s separation from service. The Pre-Discharge Program also offers:

Pre-Separation Counseling
Service members may receive pre-separation counseling 24 months prior to retirement or 12 months prior to separation from active duty. These sessions present information on education, training, employment assistance, National Guard and reserve programs, medical benefits, and financial assistance.

Monthly retirement, disability and survivor benefits under Social Security are payable to veterans and dependents if the veteran has earned enough work credits under the program. Upon the veteran’s death, a one-time payment of $255 also may be made the veteran’s spouse or child. In addition, a veteran may qualify at age 65 for Medicare’s hospital insurance and medical insurance. Medicare protection is available to people who have received Social Security disability benefits for 24 months, and to insured people and their dependents who need dialysis or kidney transplants, or who have amyotrophic lateral sclerosis (aka Lou Gehrig’s disease).
Unemployment Compensation

www.careeronestop.org

Former service members should apply for Unemployment Insurance (UI) benefits immediately upon separation from active military service. When filing for UI benefits, recently discharged veterans must provide information from their Certificate of Release or Discharge From Active Duty, DD Form 214 or NOAA Form 56-16 (or when not available, Orders to Report, or Orders of Release may be used). Specialists at local One-Stop Career Centers can help service members obtain the necessary information to file a claim. See Employment, Section III, Veterans Employment and Training Services, One-Stop Career Centers, p. 31.

Veterans’ Organizations

Veterans’ organizations provide assistance directly to veterans and advocate for legislative and policy issues important to veterans.

Section I. Local Domestic Violence Programs

Carson Center- Valley Human Services
www.carsoncenter.org/programs/domesticviolence/advocacyandsupport
1(413)579-2924

The Carson Center for Human Services is a private, non-profit agency that provides behavioral health and rehabilitation services in communities throughout Western Massachusetts. Carson Center clinical programs are licensed by the Massachusetts Department of Public Health. Affiliated with Noble Hospital, and working in collaboration with other community agencies, the Carson Center provides services for children, adolescents, adults, families, and couples. For those who are questioning the health of their relationships or who are or once were in a destructive relationship, individual and group services are provided.

Elizabeth Freeman Center
www.elizabethfreemancenter.org
1(866)401-2325 24-hour hotline

The Elizabeth Freeman Center offers free and confidential counseling, shelter, legal advocacy, safety planning, teen dating violence prevention education, a 24/7 hotline to survivors of domestic and sexual violence and their families. Each year it offers services to over 5,000 people in and around Berkshire County. Services are free, confidential, and available in any language.

The Center has offices in Pittsfield, North Adams, and Great Barrington, and the staff can meet people in safe locations almost anywhere in Berkshire County. The Center serves adults and children, of any gender or gender identity, age, race, ethnicity, ability, sexual orientation, or income level.

Services include: a toll-free hotline for support, counseling, advocacy, shelter, or just conversation; counselors available 24/7 to help those who need to flee violence; emergency services including shelter, food, transportation and safe phones; a secure shelter and direct connections to other local shelters; a “SafePet” program to provide foster care for pets if violence has interrupted their care; safety planning; advocacy for services including income support and medical care, education and training, legal help, financial guidance, housing, and protections; and Probate Court staff to help with restraining orders.

Gandara Domestic Violence Program
www.gandaracenter.org/?page_id=143
1(413)736-0395

Men with a history of domestic or partner violence are referred to the Gandara Domestic Violence Program by the courts for 2-hour, bi-weekly group sessions for 40 weeks. Interventions focus on stopping the violence and helping the batterer to identify, confront, challenge and change controlling and abusive behavior towards their partner and children. A variety of groups are held weekly in Springfield and Holyoke, during the evening and on Saturdays. Partner referrals are made to the YWCA and other programs.
The Center for Women & Community is a multicultural campus-based center established in 1972. The CWC provides education, leadership opportunities, counseling, advocacy, and support services that address the cause and impact of sexism and recognize the multiple oppressions experienced by women. For counseling appointments, call (413)545-0883.

GLBTQ Domestic Violence Project
www.glbtqdvp.org
1(800)832-1901 24-hour hotline

GLBTQ-DVP specializes in services for gay, lesbian, bisexual, transgender, and queer (GLBTQ) victims and survivors of domestic and sexual violence who are located in Southern New England, including Massachusetts, Rhode Island, and Connecticut. It offers support to all victims and survivors regardless of gender identity/expression and/or sexual orientation. All services are free and confidential.

GLBTQ-DVP operates a 24-hour hotline to support victims and survivors of domestic violence and their friends and families. Contact the hotline for immediate crisis counseling, help planning for safety, and for more information about services, including court/medical accompaniment and help navigating social service systems.

New England Center for Women in Transition
www.nelcwit.org
1(413)772-0806 24-hour hotline

The New England Center for Women in Transition (NELCWIT) serves Franklin County and the North Quabbin region of western Massachusetts and offers safety planning, advocacy, and support to anyone who has survived domestic or sexual abuse as well as prevention education for the community, especially area youth. All of NELCWIT's services are free and confidential and include: 24 hour rape crisis and domestic violence hotline; safety planning, advocacy, and support for survivors of domestic or sexual abuse or violence; help with restraining orders in the Franklin County courts; supervised visitation for children who need an alternative to unsupervised visits with non-custodial parents or guardians; the Visiting Bear Circle, offering sexual violence prevention in the area’s intertribal community; advocacy and education in Spanish for area Latina/os; and prevention education for area schools and other groups.

The Moving Forward Batterer Intervention Program
www.servicenet.org/content/moving-forward
1(413)587-9050

The Moving Forward Program (MOVE) through ServiceNet is a DPH-certified batterer intervention program that works with mostly men and some women who have used physical, emotional, verbal, economic, or sexual abuse as a means to control their partners. During the program clients are supported and challenged to take full responsibility for their behavior and are taught how to recognize and change their behavior and develop conflict resolution and healthy communication skills to sustain relationships without violence. The program approach, "compassionate confrontation," operates from the belief that all men who are abusive or controlling in their relationships are good people with bad behaviors, and addresses the shame that often accompanies abusive behavior. In addition to MOVE groups, the Moving Forward Program offers Anger Management and Non-Violent Communication (NVC) classes geared towards improving people’s capacity for positive behavior, building healthy relationships, and repairing family systems when possible.
**Men’s Resource Center for Change**  
[www.mrcforchange.org](http://www.mrcforchange.org)  
1(413)253-9887  
236 North Pleasant Street  
Amherst, MA 01002

The agency's mission is to support men, challenge men's violence, and develop men's leadership in ending oppression. Services include: Moving Forward Programs ([See Domestic Violence, Section I, The Moving Forward Program, p. 18](#)); Support Programs: men's drop-in groups led by trained volunteer facilitators, resource and referral services; Fathering Programs: Father and Family Network programs for providers who work with fathers and workshops on parenting and on raising/educating boys, for parents and/or teachers.

[www.safepass.org](http://www.safepass.org)  
1(413)586-5066  
43 Center Street, Suite G  
Northampton, MA 01060

Safe Passage provides confidential support services for battered women and their children. Services include: confidential shelter; legal intern assistance with issues of custody, divorce, and separation; individual counseling, support groups, and systems advocacy; public awareness and community education on issues of domestic violence; and disability services.

**Womanshelter/Companeras**  
[www.womanshelter.org](http://www.womanshelter.org)  
1(413)536-1628  
1(877)536-1628 24-hour hotline

Womanshelter/Compañeras serves women and children throughout western Massachusetts, with outreach focused in Holyoke, Chicopee, Ludlow, Springfield, West Springfield, Westfield, Southampton, Monson, Palmer, Ware, South Hadley, Belchertown and Granby. Referrals available for individuals outside these areas. All services are confidential and free of charge. Bilingual/bicultural services available.

Everyone has the right to live without fear of abuse – physical, verbal, mental, sexual. Womanshelter/Compañeras operates a confidential emergency shelter for women and children who are trying to escape from dangerous relationships. The goal of the shelter staff is to keep families safe in a homelike atmosphere and assist them in their efforts to establish violence-free lives. Services include: individual counseling; support groups in English and Spanish; medical, financial, and housing advocacy; in-court legal advocates; comprehensive teen services; child advocacy and programming; community education; information and referrals; and refugee and immigrant services.

Because most families are forced to flee without their personal possessions including financial resources, Womanshelter/Compañeras provides sheltered families with food, clothing and other essential items. While in
shelter, families are connected to community resources and receive housing advocacy. Shelter stays range from several days to three months. The average length of stay is 3 weeks.

YWCA of Western Massachusetts
www.ywworks.org/i-need-help.php
1(800)796-8711 24-hour hotline: English
1(800)223-5001 24-hour hotline: Spanish

24 hours a day, every day domestic violence hotlines are available so victims of domestic violence can get the help that they and their children need. With safety as a priority, the YWCA of Western Massachusetts also provides counseling, job training, skill development, child care, health and wellness programs, and of course, support and shelter in a crisis.

Section II. State Domestic Violence Resources

District Attorney’s Offices
The Domestic Violence and Sexual Assault Units of District Attorney’s Offices work closely with police departments, courts and social service agencies to address the serious problem of domestic and sexual violence through prosecution of the offenders and the development of strategies for prevention and intervention for the victims. See Legal, Section II, District Attorneys’ Offices, p. 46.

SAFELINK
www.casamyrna.org/index.php/what-we-do/safelink-hotline
1(877)785-2020

SafeLink is the Massachusetts statewide 24/7 toll-free domestic violence hotline operated by Casa Myrna. SafeLink hotline advocates are multilingual, and have access to a translation service that can provide translation in more than 130 languages. All calls to SafeLink are free, confidential, and anonymous.

SafeLink is a resource for anyone affected by domestic violence. Each call is answered by a trained advocate who provides non-judgmental support, assistance with safety planning and information on appropriate resources. SafeLink's state-of-the-art technology allows the advocate answering your call to keep you on the line while you are being connected to a shelter program in your area. This allows callers who are in danger to get help with a single call, rather than having to make numerous calls to different shelter programs across the state.

SafeLink provides safety planning, supportive listening, direct connections to domestic violence shelter programs across Massachusetts, referrals to local domestic violence and community services, and support and resources for anyone who is concerned about a victim of domestic violence.

SAFEPLAN
www.mass.gov/mova/safeplan

SAFEPLAN is Massachusetts Office of Victims Assistance's statewide, court-based program that provides specially trained and certified advocates to help victims of domestic violence, sexual assault, and stalking who are seeking protection from abuse. SAFEPLAN Advocates are employed by local community-based domestic violence and sexual assault programs in 41 district and probate courts across the state. The services they provide to victims are free of charge.
SAFEPLAN Advocates help victims of domestic violence, sexual assault, and stalking in several ways: personalized safety planning, assistance obtaining 209A restraining orders (also called protective orders) and 258E harassment prevention orders (HPOs) from the court, making referrals to local support services, providing information on legal and safety options, and accompanying the victim to protective order hearings. Veterans Education Project
[www.vetsed.org](http://www.vetsed.org)
1(413)253-4947

The Veterans Education Project (VEP), founded in 1982 by Vietnam veterans, is an independent non-profit organization based in Amherst, Massachusetts. VEP trains and supports local military veterans to share their personal stories of war and homecoming in Western New England schools and public venues. VEP stories show firsthand the realities and human costs of war, and share strategies and resources for veterans returning to civilian life. By sharing their experiences, veteran speakers gain an authentic connection to the community, provide a bridge between civilian and military worlds, and help to heal the emotional wounds of war.

VEP also sponsors Military Families Connect, an ongoing peer group for local military family members with loved ones deployed overseas or home from war. Some members of the family group also share their experiences to educate the public about the deployment-related challenges many military families face.

Section II. State Educational Support

Massachusetts Soldiers Legacy Fund
[www.mslfund.org](http://www.mslfund.org)

The Massachusetts Soldiers Legacy Fund provides funds for current and future college/university students whose parents were killed on deployment during Operations Enduring or Iraqi Freedom.
Public Service Scholarship Programs
www.osfa.mass.edu

Scholarships are for undergraduate studies at an institution of higher education in the Commonwealth. Scholarships will be awarded to:

- Children of prisoners of war or military or service persons missing in action in Southeast Asia whose service was between February 1, 1955 and the termination of the Vietnam campaign; and
- Children of veterans whose service was credited to the Commonwealth and who were killed in action or otherwise died as a result of such service.

Tuition Waivers
www.mass.gov/veterans/education/financial-assistance/tuition-waivers.html

Veterans of Massachusetts may be eligible for any state-supported course in an undergraduate degree program or certificate program offered by a public college or university. To be eligible, a veteran must also be a legal resident of Massachusetts and s/he must not be in default of any federal student loans. Veterans will be eligible on a space-available basis for a waiver of full or partial tuition based on proper documentation of the eligibility of the veteran. Space availability is determined in accordance with normal practices and procedures as published by each institution. Contact the college or university veterans’ representative for details.

Veterans Upward Bound Program

UMass Boston
www.veterans-ub.umb.edu
1(617)287-5870

Suffolk University
www.suffolk.edu/offices/39470.html
1(617)725-4100

The Veterans Upward Bound (VUB) Program has two locations in Massachusetts: UMass Boston and Suffolk University. VUB is a free pre-college program that helps veterans develop the academic and personal skills necessary for success in a program of post-secondary education.

In order to qualify, an applicant must: (1) be a U.S. citizen or permanent resident; (2) have served over 180 days on active military duty or have a service-connected disability; (3) have a military discharge other than dishonorable; (4) have academic need. They must also qualify in one of the following two ways: (1) they must be a potential first-generation college student (their primary caregiver had not graduated from a four-year high education institution before the applicant turned 18), or (2) they must meet income guidelines for the program (call school for detailed guidelines).

Montgomery GI Bill

www.benefits.va.gov/gibill/montgomery_bill.asp

The Montgomery GI Bill (MGIB) is available for those who enlist in the U.S. Armed Forces. Assistance may be used for college degree and certificate programs, technical or vocational courses, flight training, apprenticeships or on-the-job training, high-tech training, licensing and certification tests, entrepreneurship training, certain entrance examinations, and correspondence courses. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Eligible service members may receive up to 36 months of education benefits. Benefits for Active Duty and Select Reserve service members include:
Montgomery GI Bill-Active Duty
www.benefits.va.gov/gibill/mgib_ad.asp

Active Duty members who enroll and pay $100 per month for 12 months may receive a monthly education benefit once they have completed a minimum service obligation. Benefits are generally payable for 10 years following a veterans release from honorable active service.

Some service members may contribute up to an additional $600 to the GI Bill through the $600 Buy-Up Program to receive up to $5,400 in additional GI Bill Benefits. The additional contribution must be made while on active duty. A veteran may be eligible if he/she has an honorable discharge, a high school diploma or GED, and meets minimum duty requirements.

Montgomery GI Bill-Select Reserve
www.benefits.va.gov/gibill/mgib_sr.asp

Education benefits are available to reservists who are actively drilling and have a 6-year obligation in the Select Reserve. To qualify, a reservist must meet the following requirements: (1) Have a six-year obligation to service in the Selected Reserve signed after June 30, 1985. Officers must have agreed to serve six years in addition to their original obligations. For some types of training, it is necessary to have a six-year commitment that begins after September 30, 1990. (2) Complete initial active duty for training (IADT). (3) Meet the requirement to receive a high school diploma or equivalency certificate before completing IADT. (4) Remain in good standing while in service in an active Select Reserve unit. A reservist will retain MGIB-SR eligibility if he/she is discharged from Selected Reserve service due to a disability that was not caused by misconduct. One’s eligibility period may be extended if one is ordered to active duty. Eligibility normally ends the day one leaves the Selected Reserve.

Post-9/11 GI Bill
www.gibill.va.gov
1(888)GI-BILL-1

Veterans who serve for a minimum of 90 days active duty on or after September 11, 2001 may qualify for the Post-9/11 GI Bill. This program provides increased benefits for veterans pursuing an approved education program at an approved degree-granting institution. This federal benefit has state-specific implications since the cost of tuition and fees varies by state and is based on the highest in-state undergraduate rate. A monthly housing allowance based on the zip code of the college/university and a book stipend of $41.67 per credit of up to 24 credits or $1,000 per academic year is also part of the program. The Post-9/11 GI Bill will pay eligible individuals: (1) tuition and fees directly to the school not to exceed the maximum in-state tuition and fees at a public Institution of Higher Learning; (2) a monthly housing allowance based on the Basic Allowance for Housing for an E-5 with dependents at the location of the school; (3)an annual books and supplies stipend of $1,000 paid proportionately based on enrollment; (4) a one-time rural benefit payment for eligible individuals. Types of Post-9/11 GI Bill Assistance include:

Dependents’ Educational Assistance
www.benefits.va.gov/gibill/survivor_dependent_assistance.asp

The Dependents’ Educational Assistance (DEA) program offers education and training opportunities to eligible dependents of veterans who are permanently and totally disabled due to a service-related condition or of veterans who died while on active duty or as a result of a service-related condition. Benefits may be used for degree and certificate programs, apprenticeships, and on-the-job training. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Those eligible for DEA benefits may also be eligible for Special Restorative Training to overcome or lessen the effects of a physical or mental disability for the purpose of enabling an eligible person to pursue a program of education, special vocational program or other appropriate goal; or Special Vocational Training for an
eligible person who is not in need of special restorative training, but who requires such a program because of a mental or physical disability.

**Veterans’ Educational Assistance Program**
www.benefits.va.gov/gibill/veap.asp

Active duty personnel could participate in the Veterans’ Educational Assistance Program (VEAP) if they entered active duty for the first time after December 31, 1976 and before July 1, 1986, and made a contribution prior to April 1, 1987. Service members who participated in VEAP are eligible to receive benefits while on active duty if: (1) at least three months of contributions are available, except for high school or elementary, in which only one month is needed and (2) they enlisted for the first time after September 7, 1980, and completed 24 months of their first period of active duty. Service members must receive a discharge under conditions other than dishonorable for the qualifying period of service.

The Department of Defense will match contributions at the rate of $2 for every $1 put into the fund and may make additional contributions, or “kickers,” as necessary. For training in college, vocational or technical schools, the payment amount depends on the type and hours of training pursued. The maximum amount is $300 a month for full-time training. VEAP participants may receive the same training, work-study benefits and counseling as provided under the MGIB with the exception of preparatory courses.

**The Yellow Ribbon Program**
www.benefits.va.gov/gibill/post911_gibill.asp

The Yellow Ribbon Program was established by the Post-9/11 GI Bill to allow institutions of higher learning (such as colleges, universities, and other degree-granting schools) in the United States to voluntarily enter into an agreement with the Department of Veterans Affairs (VA) to fund tuition and fee expenses that exceed the tuition and fee amounts payable under the Post-9/11 GI Bill.

The institution can contribute a specified dollar amount of those expenses, and VA will match the contribution, not to exceed 50% of the difference. To receive the Yellow Ribbon Program benefits you must be enrolled in an approved program offered by an institution of higher learning that participates in the Yellow Ribbon Program.

**Verification of Military Experience and Training**
www.dmdc.osd.mil/tgps

The Verification of Military Experience and Training (VMET) Document, DD Form 2586, helps service members verify previous experience and training to potential employers, negotiate credits at schools, and obtain certificates and licenses. VMET documents are available only through Army, Navy, Air Force, and Marine Corps Transition Support Offices and are intended for service members who have at least six months of active service. Service members should obtain VMET documents from their Transition Support Office within 12 months of separation of 24 months of retirement.

**Vocational Rehabilitation and Employment Program**
See Employment, Section III, Vocational Rehabilitation and Employment Program, p. 32.
Employment.

Section I. Local Employment Resources

Employment Resource Centers

Employment Resource Centers provide services and programs that provide educational and employment services to individuals over 18 years old.

**Work Without Limits**

[www.workwithoutlimits.org](http://www.workwithoutlimits.org)

Work Without Limits is a statewide network of engaged employers and innovative, collaborative partners that aims to increase employments among individuals with disabilities. Its goal is to position Massachusetts as the first state in the nation where the employment rate of people with disabilities is equal to that of the general populations. Work Without Limits is managed by the Disability, Health and Employment Policy (DHEP) Unit at the University of Massachusetts Medical School. DHEP focuses on five core areas: (1) promoting employment, health and well-being of people with disabilities; (2) providing direct employment-related support services to people with disabilities; (3) providing training and technical assistance to employers and employment service providers; and (5) conducting disability and health-related research and evaluation.
Section III. Federal Employment Resources

Department of Defense Transportal  

Veterans may use the Department of Defense Transportal to find locations and phone numbers of all Transition Assistance Offices as well as mini-courses on conducting successful job-search campaigns, writing resumes, using the Internet to find a job, and links to job search and recruiting websites.

Department of Veterans Affairs’ Center for Veterans Enterprise  
www.vetbiz.gov  
1(866)584-2344

The Department of Veterans Affairs’ (VA) Center for Veterans Enterprise helps veterans interested in forming or expanding small businesses and helps VA contracting offices identify veteran-owned small businesses. The Center for Veterans Enterprise maintains vetbiz.gov, which serves as the federal government portal for veteran-owned businesses. This website provides links to sites providing assistance to veteran entrepreneurs, such as the Small Business Administration’s (SBA) Veteran’s Business Development, Officers located in local SBA offices throughout the nation, and the National Association of State Directors of Veterans Affairs (NASDVA) for information on state assistance to veterans.

Department of Veterans Affairs’ Disabled Veteran Business Enterprise  
www.va.gov/osdbu/veteran

The Disabled Veteran Business Enterprise (DVBE) Participation Program was established to acknowledge disabled veterans for their service and to further DVBE participation in state contracting, promote competition and encourage greater economic opportunity. Each year, state agencies must report to the governor and the legislature their total DVBE contracting participation and if the minimum of 3% is not met, the state agency must provide their reasons for not meeting the goal and an implementation plan for future DVBE participation improvement.

Hero2Hired  
www.h2h.jobs

The Hero2Hired (H2H) program was created to make it easy for Reserve Component service members to connect to and find jobs with military-friendly companies. H2H offers a search engine for job openings, advice and training for hiring and employment, military-to-civilian skills translations, hiring events, and a career assessment survey. Support for H2H is provided through the Department of Defense’s Yellow Ribbon Reintegration Program. See Education, Section III, Post-9/11 GI Bill, Yellow Ribbon Program, p. 25.

Transition Bulletin Board

Veteran's Business Development
www.sba.gov/vets

The U.S. Small Business Administration’s (SBA) Office of Veterans Business Development (OVBD) conducts comprehensive outreach to veterans, service-disabled veterans and Reserve Component members of the U.S. military. OVBD also provides assistance to veteran- and reservist-owned small businesses. SBA is the primary federal agency responsible for assisting veterans who own or are considering starting their own small businesses. Among the services provided by SBA are business-planning assistance, counseling and training through community based Veterans Business Outreach Centers. For more information go to www.sba.gov/aboutsba/shapprograms/ovbd/OVBD VBOP.html.

A Veterans Business Development Officer is stationed at every SBA District Office to act as a guide to veterans, and SBA offers a full range of self-paced small business planning assistance at www.sba.gov/survey/checklist/index.cgi for veterans, reservists, discharging service members and their families.

Veterans Employment and Training Services (VETS)
www.dol.gov/vets

The Department of Labor’s Veterans Employment and Training Services (VETS) Program offers prioritized employment services for veterans through a variety of programs. The purpose of VETS is to ensure the provision of a full range of employment and training services to veterans and to maintain up-to-date information about all the programs and services available to assist veterans at the federal, state, and local level. Programs include:

One-Stop Career Centers
www.careeronestop.org
1(877)US2-JOBS

Employers can resource over 2,000 One-Stop Career Centers nationwide to receive assistance in connecting to and recruiting veterans. Career Centers offer a wealth of resources including specialized local Veterans’ Employment Representatives (LVERs) and Disabled Veterans’ Outreach Program (DCOP) staff who work solely with veteran populations and can provide relevant veteran applicant referrals (See p. 31). Specially trained staff ensure veterans of the U.S. Armed Forces maximum employment and training opportunities. Services can include counseling, labor market information, job referrals, job search
workshops, and job development with potential employers. Special assistance is available for veterans with service-connected disabilities. See the chart below for Western Massachusetts One-Stop Career Centers or find a center at www.servicelocator.org.

Employment services are provided for post-9/11 era veterans as a going effort of the Department of Labor’s Employment and Training Administration (ETA) and the Veterans’ Employment and Training
Service (VETS). Services are available in all MA One-Stop Career Centers. An eligible veteran can present the Gold Card at his/her local One-Stop Career Center to receive enhanced intensive services including up to six months of follow-up. Eligible veterans can print their Gold Card at www.dol.gov/vets/goldcard/revisedgoldcard5.pdf.

**Transitional Assistance Program (TAP)**

[www.mass.gov/dcs](http://www.mass.gov/dcs) 1(617)626-5337

The Transitional Assistance Program (TAP) of the Veterans' Employment and Training Services Program (VETS) is an intensive five-day course designed to ease the transition of military personnel into civilian life. TAP workshops are facilitated regularly by Veterans Outreach Program staff and Local Veterans Employment Representatives at Hanscom Air Force Base in Bedford, Fort Devens in Acton, and the U.S. Coast Guard Base in Boston. TAP is available to transitioning military personnel and their family members who are within 12 months of separating or 24 months of separating if retiring from the military.

**Veterans Preference for Federal Jobs**

By law, veterans who are disabled or who served on active duty in the U.S. armed forces during certain specified time periods or in military campaigns are entitled to preference over others when hiring from competitive lists of eligible candidates and also in retention during a reduction in force (RIF). To receive preference, a veteran must have been discharged or released from active duty in the U.S. armed forces under other than dishonorable conditions. Preference is also provided for certain widows or widowers of deceased veterans who died in service; spouses of service-connected disabled veterans; and mothers of veterans who died under honorable conditions on active duty or have permanent and total service-connected disabilities. For each of these preferences, there are specific criteria that must be met in order to be eligible to receive the veterans’ preference.

When applying for federal jobs, eligible veterans should claim preference on their application or resume. Veterans should apply for a federal job by contacting the personnel office at the agency in which they wish to work.

**Vocational Rehabilitation and Employment Program**

[www.vba.va.gov/bln/vre](http://www.vba.va.gov/bln/vre) 1(800)827-1000 Ask to speak to the VR&E Officer

The Vocational Rehabilitation and Employment (VR&E) Program provides educational and vocational counseling to service members, Veterans, and certain dependents at no charge. These counseling services are designed to help an individual choose a vocational direction, determine the course needed to achieve the chosen goal, and evaluate the career possibilities open to them. Counseling services include, but are not limited to, educational and vocational counseling and guidance; testing; analysis of and recommendations to improve job-marketing skills; identification of employment, training, and financial aid resources; and referrals to other agencies providing these services.

Educational and vocational counseling services are available during the period an individual is on active duty with the armed forces and within 180 days of the estimated date of his or her discharge or release from active duty. The projected discharge must be under conditions other than dishonorable. Veterans and service members may apply for counseling services using VA Form 28-8832, Application for Counseling. They may also write a letter expressing a desire for counseling services.

The VR&E program provides Employment Coordinators (EC) who assist veterans and service members with employment. ECs provide assistance with labor market information, employer visits and education, resume
development, interview skills training, job resource labs, job coaching, and job placement follow-up. ECs also assist veterans with service-connected disabilities through the following programs:

**Vet Success**
www.vetsuccess.gov

The Vocational Rehabilitation and Employment (VR&E) VetSuccess Program is authorized by Congress under Title 38, Code of Federal Regulations, Chapter 31. It is sometimes referred to as the Chapter 31 program. The VetSuccess program assists veterans with service-connected disabilities to prepare for, find, and keep suitable jobs. For veterans with service-connected disabilities so severe that they cannot immediately consider work, VetSuccess offers services to improve their ability to live as independently as possible.

A VA veteran who is eligible for an evaluation under Chapter 31 must first apply for services and receive an appointment with a Vocational Rehabilitation Counselor (VRC). The VRC will work with the veteran to determine if an employment handicap exists as a result of his or her service connected disability. If an employment handicap is established and the veteran is found entitled to services, the VRC and the veteran will continue counseling to select a track of services and jointly develop a plan to address the veteran’s rehabilitation and employment needs. The VRC will help any veteran found not to be entitled to services locate other resources to address any rehabilitation and employment needs during the evaluation.

Services that may be provided by VetSuccess include: comprehensive rehabilitation evaluation to determine abilities, skills, and interests for employment; vocational counseling and rehabilitation planning for employment services; employment services such as job-training, job-seeking skills, resume development, and other work readiness assistance; assistance finding a job, including the use of special employer incentives and job accommodations; post-secondary training at a college, vocational, technical or business school; supportive rehabilitation services including case management, counseling, and medical referrals; independent living services for veterans unable to work due to the severity of their disabilities; and On the Job Training (OJT)*, apprenticeships (SEI)**, and non-paid work experiences (NPWE)***.

*VR&E On the Job Training Program (OJT)
An employer can hire a veteran at an apprentice wage and VR&E supplements the salary up to the journeyman wage. As the veteran progresses through training, the employer begins to pay more of the salary until the veteran reaches the journeyman level and the employer pays the entire salary. The employer may also be eligible for a federal tax credit for hiring an individual who participated in a vocational rehabilitation program.

**VR&E Special Employer Incentive Program (SEI)
This program is used for veterans facing extraordinary obstacles to employment. A veteran is placed in an OTJ or work experience with an employer and a VR&E can reimburse the employer up to 50% of the veteran’s salary for up to 6 months. The employer may also be eligible for a federal tax credit for hiring an individual who participated in a vocational rehabilitation program.

***VR&E Non-Paid Work Experience Program (NPWE)
A veteran is placed in a local, state, or Federal government office position. The placement does not count against the agency’s Full-Time Equivalent (FTE) openings and the agency does not pay the veteran. VR&E pays the veteran a monthly subsistence allowance while the veteran is participating in the program. During the placement, the veteran works towards gaining and/or strengthening particular skill sets. Though the office is under no obligation to hire the veteran, the goal of the program is for the veteran to obtain full-time permanent employment in the office where s/he is placed, or at a similar office.
The Veterans Retraining Assistance Program (VRAP) of the VOW to Hire Heroes Act of 2011 provides retraining for unemployed veterans hardest hit by current economic conditions. VRAP offers 12 months of training assistance to unemployed veterans. To qualify a veteran must be at least 35 but no more than 60 years old, be unemployed, have an other than dishonorable discharge, not be eligible for any other Department of Veterans Affairs (VA) education benefit program, not be in receipt of VA compensation due to unemployability, and must not be enrolled in a federal or state job-training program.

The New England Center for Homeless Veterans is a multi-dimension service and care provider dedicated to assisting veterans who are facing or at risk of homelessness. The Center offers a broad array of programs and services that enable success, reintegration, meaningful employment, and independent living.

Housing Authorities

Veterans applying for state-aided public housing through a local housing authority, who are to be displaced by any low-rent housing project or by a public slum clearance or urban renewal project or who were displaced within three years prior to applying for low-rent housing, when equally in need and eligible for occupancy as other applicants, shall be given preference in tenant selection in the following order:

1. Families of disabled veterans whose disability has been determined by the Department of Veterans Affairs (VA) to be service-connected.
2. Families of deceased veterans whose death has been determined by the VA to be service-connected.
3. Families of all other veterans.

The word "veteran" includes the spouse, surviving spouse, depended parent or child of a veteran, and the divorced spouse of a veteran who is a legal guardian of a child of a veteran. Any amounts received by the veteran for use in paying tuition, fees, or the cost of books cannot be included in the calculation of the veteran's gross income for the purposes of state-aided public housing. Housing authorities are authorized to exclude disability compensation paid by the VA to totally unemployable disabled veterans in excess of $1,800. However, it is dependent on the individual housing authority to allow such exclusion.

**Home Loan Guaranty**
www.homeloans.va.gov

Department of Veterans Affairs (VA) Home Loan Guaranties are issued to help eligible service members, veterans, reservists and certain unmarried surviving spouses obtain homes, condominiums, and manufactured homes, and to refinance loans. A VA guaranty helps protected lenders from loss if the borrower fails to repay the loan. It can be used to obtain a loan to (1) buy or build a home, (2) buy or build a residential condominium unit, (3) buy a residential cooperative housing unit, (4) repair, alter, or improve a residence owned by the veteran and occupied as a home, (5) refinance an existing home loan, (6) buy a manufactured home and/or lot, (7) install a solar heating or cooling system or other energy-efficient improvements.

In addition to the periods of eligibility and conditions of service requirements, applicants must have a good credit rating, sufficient income, a valid Certificate of Eligibility (COE), and agree to live in the property in order to be approved by a lender for a VA home loan. Lenders can apply for a COE online at: www.benefits.va.gov/homeloans/docs/Veteran_registration_coe.pdf. Active duty service members and veterans can also apply online at www.ebenefits.va.gov.

**Homes for Our Troops**
www.hfot.org

**1(866)7-TROOPS**

Homes for Our Troops (HFOT) is a non-partisan, non-profit 501(c)(3) organization that provides specially adapted homes for severely injured service members. HFOT assists some of the nation's most severely injured veterans and their families by raising money, and providing building materials and professional labor to coordinate the construction of a home that provides maximum freedom of movement and the ability to live more independently. HFOT provides these homes at no cost to the veterans it serves.
The purpose of the Homeless Veterans' Reintegration Program (HCRP) is to provide services to assist in reintegrating homeless veterans into meaningful employment within the labor force and to stimulate the development of effective service delivery systems that will address the complex problems facing homeless veterans. HCRP grants require that the participating veteran be homeless or currently residing in a shelter in order to be eligible for the training, job assistance, and housing services it provides. HUD/VASH - Supported Housing Program for Homeless Veterans
www.va.gov/homeless/hud-vash.asp
1(800)893-1522

The HUD/VASH Program is a collaboration between the U.S. Department of Housing & Urban Development (HUD) and the Department of Veterans Affairs (VA) that assists homeless veterans and their immediate families find and maintain affordable, safe, and permanent housing in the community. The program is designed to improve each veteran's overall health and to enhance the veteran’s ability to remain stable, housed and integrated in their local community. A key component of the program is case management provided by VA Social Workers. Program participants formulate treatment plans with their social workers and receive ongoing support to attain their goals. Referrals are also made to additional community-based supports.

The HUD/VASH Program is intended for veterans who are eligible for VA medical care, are currently homeless, and have an identified need for case management. Other factors that are considered for eligibility are: if a veteran has a history of medical, mental health, and/or substance abuse concerns that are now stabilized; is ready for independent housing in the community but needs ongoing case management services to maintain it; has an income to pay for his/her housing; is motivated to improve the quality of life by working with a VA case manager and actively participating in treatment to address needs; and is not on the on the registry for sex offenders.

Veterans are referred to the HUD/VASH Program through an application to be completed by the veteran’s current provider. Providers may include, but are not limited to, case managers, nurses, therapists, or Veteran’s Service Officers. The Admission Team will assess the veteran’s eligibility and need for long term case management. If the veteran is admitted to the program a case manager will be assigned to begin working with the veteran on a treatment plan and connection to services. Veterans who refuse VA case management services may lose their housing choice voucher. If a referred veteran is found to be ineligible or inappropriate for the program, referrals to other resources will be made.

Costs: (1) 30-40% of the veteran’s gross monthly income; (2) first, last months of rent, security deposits, and utilities along with any upfront fees; (3) incidental and monthly expenses are considered.

Tenancy Preservation Program
www.masshousing.com/TPP
1(617)854-1089

The Tenancy Preservation Program (TPP) is a homelessness prevention program that works with tenants, including families with children with disabilities, facing eviction as a result of behavior related to disability. TPP functions as a neutral party to the landlord and tenant and, in consultation with the Housing Court Department, TPP works with property owner and tenant to determine whether the disability can be reasonably accommodated and the tenancy preserved. The TPP works by having clinicians assess the reasons for the eviction, identify needed services, develop a treatment plan to maintain the tenancy, and monitor the case for as long as is necessary.

Holyoke District Court
The Veterans Treatment Court serves the needs of court-involved veterans who may benefit from alternatives to incarceration due to the physical and mental effects of their military experiences. The court sits weekly with a dedicated judge. Defendants are veterans who plead guilty to a criminal charge and enter the court voluntarily. Instead of being sentenced to jail time, they will enter an 18-month supervised probation period with regular drug and alcohol testing. Veterans will participate in the treatment such as detoxification for substance abuse problems or mental health treatment and will be matched with a veteran mentor. If they are homeless, they will get help finding housing.

Disabled American Veterans (DAV) is the most long-lasting veterans’ advocacy and assistance group in the nation. Its core mission is to fulfill the nation’s promises to the men and women who served. It provides free, professional assistance to veterans and their families obtaining benefits and services earned through military service and provided by the Department of Veterans Affairs (VA) and other agencies of government; provides outreach concerning its program services to the American people generally, and to disabled veterans and their families specifically; represents the interests of disabled veterans, their families, their widowed spouses, and their orphans before Congress, the White House and the Judicial Branch, as well as state and local government; extends hope into the communities where veterans and their families live through a network of state-level Departments and local chapters; and provides a structure through which disabled veterans can express their compassion for the fellow veterans through a variety of volunteer programs.

Transition Service Officers (TSOs) provide benefits counseling and assistance to service members filing initial claims for VA benefits. To find a local TSO: www.dav.org/veterans/nsoffices.aspx.
Incarcerated Veterans
www.benefits.va.gov/persona/veteran-incarcerated.asp

Incarcerated veterans’ Department of Veterans Affairs (VA) benefits change when they are incarcerated in a Federal, state, or local penal institution. The amount the veteran receives depends on the type of benefit and the reason for incarceration. Incarcerated veterans receiving monthly compensation benefits will have their payment reduced beginning with the 61st day of their imprisonment for a felony. See Benefits and Benefit Aid, Section III, p. 9.

The Department of Veterans Affairs (VA) developed the Veterans Justice Outreach (VJO) Program to prevent incarceration and reduce recidivism among Veterans. The purpose of the VJO initiative is to avoid unnecessary criminalization of mental illness and extended incarceration among veterans by ensuring that eligible veterans in contact with the criminal justice system have access to Veterans Health Administration (VHA) mental health and substance services. The mission of the VJO is to build relationships with criminal justice entities including courts and attorneys, law enforcement, and county and state corrections.

The VJO Program outreaches VA eligible Justice-involved veteran, a veteran who has contact with the judicial system, law enforcement, or the jail system, with known or suspected service related mental-health condition(s) that demonstrates some correlation with their current and/or most recent criminal behavior. It also targets justice-involved veterans who could benefit from being diverted from the criminal justice system to mental health and/or substance abuse treatment. Healthcare services may include hospital and outpatient medical care, domiciliary and nursing homes, sexual trauma counseling, specialized healthcare for women veterans, homeless programs, readjustment counseling, and mental health services.

Air Force at Westover Legal Clinic
1(413)582-2601

The Air Force Legal Operations Agency offers free clinics which offer legal advice and guidance to veterans. Assistance topics include: child support, divorce, landlord/tenant issues, powers of attorney, and foreclosures. Guidance topics include military discharge upgrades and claims. Clinic lawyers cannot provide representation in court but can offer guidance on navigating the court system.

Section I. Common Veterans’ Health Issues

Military Sexual Trauma
Many veterans, male and female, may have experienced sexual trauma while on active duty. The law defines sexual trauma as sexual harassment, sexual assault, rape, and other acts of violence. It further defines sexual harassment as repeated unsolicited verbal or physical contact of a sexual nature, which is threatening. Those veterans with a history of sexual trauma suffered while in the military may be eligible for Department of Veterans Affairs (VA) treatment without charge for conditions related to that trauma, whether or not they are service-connected for that trauma. National Center for PTSD
www ptsd va gov
1(857)364-4145

Post-Traumatic Stress Disorder
Post-Traumatic Stress Disorder (PTSD) is a psychiatric disorder that can occur following the experience or witnessing of life-threatening events such as military combat, natural disasters, terrorist incidents, serious accidents, or violent personal assaults like rape. People who suffer from PTSD often relive the experience through nightmares and flashbacks, have difficulty sleeping, and feel detached or estranged. PTSD is marked by clear biological changes as well as psychological symptoms. PTSD is complicated by the fact that it frequently occurs in conjunction with related disorders such as depression, substance abuse, problems of memory and cognition, and other problems of physical and mental health.

The Red Sox Foundation and Massachusetts General Hospital created the Home Base Program to improve the lives of Iraq and Afghanistan veterans and families affected by combat or deployment-related stress and Traumatic Brain Injury (TBI), the “invisible wounds of war.” It provides clinical care for service members, veterans and families throughout New England, community education on the “invisible wounds of war” and the challenges facing military families and research to improve the understanding and treatment of Post-Traumatic Stress (PTSD) and TBI. Home Base collaborates with the Department of
Veterans Affairs, the National Guard, the Department of Defense, and state and local veterans’ organizations throughout New England. Home Base serves Active Duty, Guard, Reserve, and out of uniform veterans and their families. Discharge status, and lack of insurance or ability to pay do not affect eligibility for care.

Traumatic Brain Injury

Traumatic Brain Injury (TBI) is an injury that occurs when damage is done to the brain from an external physical force. Service members may sustain a TBI when the head is hit or strikes a stationary object, is shaken violently, or experiences a blast or shockwave injury. These events may result in significant cognitive, behavioral, or social challenges. The Northwestern District Attorney in collaboration with the VA and other partners has produced a 20-minute video orientation, “Invisible Wounds,” about PTSD and TBI. It can be viewed at http://northwesternda.org/invisible-wounds-ptsd-and-tbi

The Pioneer Valley Coalition for Suicide Prevention is a partnership of community members and providers dedicated to ending suicide in western Massachusetts. The coalition seeks solutions that grow from communities and families, that reflect the region’s diverse cultures, and that draw upon the experiences of people who have themselves attempted suicide, or lived through depression or trauma. The mission of the Pioneer Valley Coalition for Suicide Prevention is to create an inclusive collaboration of public and private agencies, community members and people with lived experiences working together to promote healthy communities by supporting strength based practices that reduce the risk of suicide. The coalition sponsors community meetings to promote networking, discussion, and education. In addition, the coalition co-sponsors conferences, trainings, and other events in collaboration with educational institutions, health care providers, and other organizations that work to prevent suicide.
The mission of ServiceNet is to enhance the quality of life of adults, children and families, through the provision of effective and responsive clinical, residential, rehabilitative, recovery and support services. ServiceNet provides a wide range of human services for people in the Pioneer Valley. Our programs include outpatient behavioral health services; adolescent support programs; early intervention for young children; home health care; rehabilitation and residential programs for those with mental health issues, developmental disabilities, traumatic brain injuries, or addictions; and shelter and housing services for the homeless. ServiceNet’s dedicated staff includes psychiatrists, psychologists, nurses, psychotherapists, social workers, counselors, physical and occupational therapists, and administrative and support staff. Established in 1952, the Soldiers’ Home in Holyoke is a state-operated health care facility serving veterans of the Commonwealth of Massachusetts. More than 300 veterans reside at the Soldiers’ Home. The Soldiers’ Home offers the following programs and benefits for eligible veterans of the Commonwealth of Massachusetts: Long-Term Care, Outpatient Services, Dental Services, Residential Care, Social Work Services, Supportive Care Services, Pastoral Care Services, and a Veterans’ Assistance Center to assist with claims and benefits. The Soldiers’ Home is governed by a seven-member Board of Trustees comprised of Western Massachusetts residents who are appointed by the Governor to oversee management of the Home. The Soldiers’ Home in Holyoke provides the following services:

**Domiciliary Care**

1(413)532-9475 x. 532.1753

A domiciliary for ambulatory veterans is located in a separate building on the Soldiers’ Home campus. The domiciliary accommodates veterans who require some assistance with the activities of daily living. Domiciliary veterans are able to participate in a wide range of social programs available through the Soldiers’ Home to include compensated work therapy. The Department of Social Work at the Soldiers’ Home is an integral part of the professional services provided to veterans enrolled in care. Licensed social workers are involved in both the admissions process and the provision of social work services to veterans in the domiciliary and the long-term care centers at Holyoke. Contact Social Services at (413) 532-1119 for more information.

**Long Term Nursing Care**

1(413)552-4764

The Soldiers’ Home provides interdisciplinary geriatric and extended health care services including nursing, geriatric psychiatry, dietary, recreation therapy, social work assistance and rehabilitation services. Eligibility is based on clinical need and setting availability. Long-term care is comprised of Veteran Care Centers, whose staff members function as a team. Each center has an assigned physician as well as a registered nurse who serves as the Veteran Care Coordinator to coordinate every individual veteran’s care with all team members. The Soldiers’ Home is a place where veterans can receive nursing home level of care, which includes help with activities of daily living (e.g., bathing and getting dressed) and medical care. The mission of the Soldiers’ Home is to provide “Care with Honor and Dignity” for each veteran’s highest level of well-being. Our goal is to also prevent declines in health and to provide comfort at the end of life.

**Outpatient Services**

1(413)536-1222

Massachusetts veterans in the community can receive health care in the Outpatient Department, which is staffed by primary care physicians. Consultant physicians include the following specialties: Proctology, Optometry, Ophthalmology, Dentistry, Ear, Nose, and Throat, Minor Surgery, Podiatry, Urology, Hematology, and Nephrology. Other services provided by the Outpatient Department include dietary services, physical therapy, social services, and a Veterans’ benefits advisor. Appointments are required.

**Pharmacy**

1(413)532-9475

Limited pharmacy services are available. $10 generic, $15 preferred brand, $25 brand name co-payments are required.
Veteran and Family Member Care
1(413)420-6270

The Soldiers’ Home, through a partnership with the Holyoke Health Center (HHC), provides dental care for inpatient residents of the Home as well as outpatient specialty dental care for eligible veterans and their family members. To maintain appointment availability for resident veterans, family members are seen at any of HHC’s community offices (Chicopee, Holyoke, Springfield, and Westfield). In addition to preventative cleanings, dental services available include x-rays, fillings, oral cancer screenings, root canals, oral surgery, extractions, dentures, partials, crowns, bridges, and periodontal therapy.

In order to receive dental services, veterans must be registered with the Soldiers’ Home (enrolled with a “Blue Card”) and have received treatment within the Home’s outpatient department within one year of his or her scheduled dental appointment. Once income and eligibility are determined, the HHC uses a sliding fee schedule based upon federal guidelines for income levels and family size. If the veteran has billable insurance, HHC will bill that insurer and the veteran will be responsible for payments as determined by his or her dental plan. HHC is also capable of billing Mass Health/Health Safety Net for those veterans who qualify for such benefits. If veterans are unsure of whether or not they qualify, the HHC will make that determination based upon a veteran’s income level.

Veterans Assistance Center
1(413)538-5923

As a resource for all veterans in the community, a Veterans’ Assistance Center at the Soldiers’ Home is open Monday through Thursday by appointment. The Center provides veterans of all ages with help in obtaining government benefits their military service entitles them to, community referrals, and interaction with local veteran service officers at the municipal city and town level.

The medical center has 85 psychiatric beds and a 66-bed nursing home care unit located at the Northampton campus, and a 16-bed substance abuse, compensated work therapy, transitional residence located off-campus. Care is also provided at community-based outpatient clinics in Springfield, Greenfield, and Pittsfield. There is an extensive network of residential settings from board and care homes to skilled nursing care.
Department of Veterans Affairs Healthcare Benefits

www.va.gov/health

The Department of Veterans Affairs (VA) operates the nation’s largest integrated health care system with more than 1,500 sites of care, including hospitals, community clinics, community living centers, domiciliary, readjustment counseling centers, and various other facilities. A person who served in the active military, naval, or air service and who was discharged or released under conditions other than dishonorable may qualify for VA health care benefits.

Under Chapter 58 of the Massachusetts Healthcare Reform Law, all Massachusetts residents are required to have health insurance. Under Administrative Bulletin 04-07 enrollment in the VA healthcare system qualifies as creditable insurance coverage under law. Coverage is available at very low or no out-of-pocket cost, so veterans should consider applying for VA healthcare prior to signing up for Commonwealth Care, Medicare, or MassHealth, which may charge premiums, fees, and co-pays.

Minimum duty requirement: Veterans who enlisted after Sept. 7, 1980, or who entered active duty after Oct. 16, 1981, must have served 24 continuous months or the full period for which they were called to active duty in order to be eligible. This minimum duty requirement may not apply to veterans discharged for hardship, early out or a disability incurred or aggravated in the line of duty.

Healthcare benefits include: inpatient care, extended care, outpatient care, medication, readjustment counseling services, prosthetic and sensory aids, services for the blind and visually impaired, mental health care treatment, work restoration programs, outpatient dental treatment, nursing home care, emergency medical care in U.S. non-VA facilities, foreign medical service reimbursement, online health services, caregiver programs and services, and many others. More information on requirements and benefits is available online.

The following four categories of veterans are not required to enroll, but are urged to do so to permit better planning of health resources: (1) veterans with a service-connected disability of 50 percent or more; (2) veterans seeking care for a disability the military determined was incurred or aggravated in the line of duty, but which VA has not yet rated, within 12 months of discharge; (3) veterans seeking care for a service-connected disability only; (4) veterans seeking registry examinations (Ionizing Radiation, Agent Orange, Gulf War/Operation Iraqi Freedom and OIF/OEF veterans).

Veterans can apply and submit their application for enrollment (VA Form 1010EZ), online at www.1010ez.med.va.gov/sec/vha/1010ez/ or by calling 1(877)222-VETS (8387), or your local Veterans Service Office. See Benefits and Benefit Aid, Section II, Chapter 115, Veterans’ Service Officers, p.6. Once enrolled, veterans can receive health care at VA health care facilities anywhere in the country. VA Healthcare Programs include:

Under Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMVA) certain dependents and survivors can receive reimbursement for most medical expenses—inpatient, outpatient, mental health, prescription medication, skilled nursing care, and durable medical equipment. To be eligible for CHAMPVA, an individual cannot be eligible for TRICARE (the medical program for civilian
dependents provided by Department of Defense) and must be one of the following: (1) The spouse or child of a veteran whom VA has rated permanently and totally disabled due to a service-connected disability; (2) The surviving spouse or child of a Veteran who died from a VA-related service-connected disability, or who, at the time of death, was rated permanently and totally disabled; (3) The surviving spouse or child of a veteran who died on active duty service and in the line of duty, not due to misconduct.

**Dental Benefits**

[www.va.gov/health/services/dental](http://www.va.gov/health/services/dental)

Dental benefits are provided by the Department of Veterans Affairs (VA) according to law. In some cases, VA is authorized to provide extensive dental care, while in other cases treatment may be limited. For eligibility requirements, view this document: [www.va.gov/healthbenefits/resources/publications/IB10-442_dental_benefits_for_veterans_2_14.pdf](http://www.va.gov/healthbenefits/resources/publications/IB10-442_dental_benefits_for_veterans_2_14.pdf).

**Federal Recovery Coordination Program**

[www.oefoif.va.gov/fedrecovery.asp](http://www.oefoif.va.gov/fedrecovery.asp)

The Federal Recovery Coordination Program, a joint program of Department of Defense (DoD) and Department of Veterans Affairs (VA), helps coordinate and access federal, state, and local programs, benefits, and services for seriously wounded, ill, and injured service members, and their families through recovery, rehabilitation, and reintegration into the community.

Federal Recovery Coordinators (FRCs) have the delegated authority for oversight and coordination of the clinical and non-clinical care identified in each client’s Federal Individual Recovery Plan (FIRP). Working with a variety of case managers, FRCs assist their clients in reaching their FIRP goals. FRCs remain with their clients as long as they are needed regardless of the client’s location, duty, or health status. In doing so, they often serve as the central point of contact and provide transition support for their clients.

**Chat:** [www.VeteransCrisisLine.net](http://www.VeteransCrisisLine.net)

**Text:** 838255 confidential text

**Call:** 1(800)273-8255 press 1

When veterans experience emotional distress or suicidal crisis, the Veterans Crisis Line provides them with the support they’ve earned. Since its launch in 2007, the Veterans Crisis Line has answered more than 745,000 calls and made more than 26,000 lifesaving rescues. Additionally, more than 83,000 people have been assisted through the online chat.

Veterans and their family members and friends who call, chat, or text to the Veterans Crisis Line are immediately connected with a Department of Veterans Affairs (VA) professional who is specially trained to handle a crisis. Many of the Veterans Crisis Line responders are veterans themselves and understand the unique issues veterans experience. Responders are available by phone, online chat, and text all day, every day.

Each VA Medical Center has a Suicide Prevention Coordinator or team to ensure veterans receive appropriate services. When appropriate, calls from the Veterans Crisis Line can be referred to the coordinators, who follow up with veterans and coordinate care for issues ranging from PTSD and depression to readjustment challenges and sleeping problems. Suicide Prevention Coordinators and partner organizations continually engage veterans and communities to raise awareness about the Veterans Crisis Line and VA’s broader suicide prevention and behavior health resources.

1(413)821-9500
Agawam Cemetery
1390 Main Street
Agawam, MA 01001

Massachusetts has state Veteran's Memorial Cemeteries located in Agawam and Wichendon. There is no fee for a veteran's burial in a state veterans' memorial cemetery. A nominal fee will be charged for the burial of spouses, widows/widowers, and qualified dependents. With the exception of a residency requirement, the Massachusetts Veteran’s Memorial Cemeteries follow the military eligibility requirements set forth by the National Cemetery Administration. See Introduction, Section I, General Requirements, p. 1.

Section II. Federal Benefits and Resources

Burial and Memorial Benefits

www.cem.va.gov
1(800)827-1000

Veterans discharged from active duty under conditions other than dishonorable and service members who die while on active duty, active duty for training, or inactive duty training, as well as spouses and dependent children of veterans and active duty service members, may be eligible for Department of Veterans Affairs (VA) burial and memorial benefits including burial in a national cemetery, a headstone to mark the grave of a veteran interred in a private cemetery or a Presidential Memorial Certificate for loved ones. The veteran does not have to die before a spouse of dependent child can be eligible.

VA's National Cemetery Scheduling Office or local national cemetery directors verify eligibility for burial. A copy of the veteran's discharge document that specifies the period(s) of active duty and character of service is usually sufficient to determine eligibility. In some instances, a copy of the deceased death certificate and proof of relationship to the veteran (for eligible family members) may be required.

Under Section 2411 of Title 38 of the United States Code, certain otherwise eligible individuals found to have committed federal or state capital crimes are barred from burial or memorialization in a VA national cemetery, and from receipt of Government-furnished headstones, markers, medallions, burial flags, and Presidential Memorial Certificates. Veterans and other claimants for VA burial benefits have the right to appeal decisions made by VA regarding eligibility for national cemetery burial or other memorial benefits.

Burial and Memorial Benefits include: Headstones, Markers, and Medallions; "In Memory Of" Markers; Medallions in Lieu of Government Headstone/Marker; Presidential Memorial Certificates; Burial Flags; Reimbursement of Burial Expenses; Burial Allowances; Plot Allowances; and Military Funeral Honors.
Correction of Military Records
www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm

The secretary of a military department, acting through a Board for Correction of Military Records, has authority to change any military record when necessary to change any military record when necessary to correct an error or remove an injustice. A correction board may consider applications for correction of a military record, including a review of a discharge issued by court-martial. The veteran, survivor, or legal representative may file a request for correction within three years of discovering an alleged error or injustice. The board may excuse failure to file within this time, however, if it finds it would be in the interest of justice. It is an applicant's responsibility to show why the filing of the application was delayed and why it would be in the interest of justice for the board to consider it despite the delay. To justify a correction, it is necessary to show to the satisfaction of the board that the alleged entry or omission in the records was in error or unjust. Applications should include all available evidence such as signed statements of witnesses or a brief of arguments supporting the correction. Application is made with DD Form 149 available at Department of Veterans Affairs (VA) offices, veterans organizations or online.

Replacing Military Medals
www.archives.gov/research/index.html

Medals awarded while in active service are issued by the individual military services if requested by veterans or their next of kin. Requests for replacement medals, decorations, and awards should be directed to the branch of the military in which the veteran served. Requests for replacement medals should be submitted on Standard Form 180, Request Pertaining to Military Records, which may be obtained at Department of Veterans Affairs (VA) offices or online. When requesting medals, type or clearly print the veteran's full name, include the veteran's branch of service, service number or Social Security number and provide the veteran's exact or approximate dates of military service. The request must contain the signature of the veteran or next of kin if the veteran is deceased. If available, please include a copy of the discharge or separation document, WDAGO Form 53-55 or DD Form 214.

Replacing Military Records
www.archives.gov/research/index/html

If discharge or separation documents are lost, veterans or the next of kin of deceased veterans may obtain duplicate copies by completing forms found at the above link and mailing or faxing them to the National Personnel Records Center, or through the Department of Veterans Affairs' eBenefits portal. See Benefits and Benefit Aid, Section III, eBenefits, p. 14. The veteran's full name should be printed or typed so that it can be read clearly, but the request must also contain the signature of the veteran or the signature of the next of kin, if the veteran is deceased. Include the veteran's branch of service, service number or Social Security number, and the exact or approximate dates and years of service. Use Standard Form 180, Request Pertaining to Military Records, which may be obtained at VA offices or online. It is not necessary to request a duplicate copy of a veterans discharge or separation papers solely for the purpose of filing a claim for VA benefits. If complete information about the veteran's service is furnished on the application, VA will obtain verification of service.

Review of Discharge from Military Service
www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm

Each of the military services maintains a discharge review board with authority to change, correct, or modify discharges or dismissals not issued by a sentence of a general court-martial. The board has no
authority to address medical discharges. If the veteran or, if the veteran is deceased or incompetent, the 
surviving spouse, next of kin or legal representative, may apply for a review of discharge by writing to the 
military department concerned using DD Form 293, Application for the Review of Discharge from the 
Armed Forces of the United States. This form may be obtained at a Department of Veterans Affairs (VA) 
regional office, from veterans’ organizations or online.

However, if the discharge was more than 15 years ago, a veteran must petition the appropriate Service's 
Board for Correction of Military Records using DD Form 149, Application for Correction of Military 
Records Under the Provisions of Title 10, U.S. Code, Section 1552. A discharge review is conducted by a 
review of an applicant’s record and, if requested, by a hearing before the board.

Discharges awarded as a result of a continuous period of unauthorized absence in excess of 180 days 
make persons ineligible for VA benefits regardless of action taken by discharge review boards, unless VA 
determines there were compelling circumstances for the absence. Boards for the Correction of Military 
Records also may consider such cases.
### Substance Abuse.

#### Section I. Centers and Programs

**Addiction Treatment Centers**

**Types:**

- **Acute Treatment** is medical stabilization for individuals in need of detoxification in a medically monitored environment.

- **Clinical Support** is a clinically managed high intensity short-term residential program for individuals not in need of detox.

- **Narcotic Treatment Services** include Methadone maintenance and outpatient detox for opiate addicted individuals.

- **Office-Based Opioid Treatment** includes Nurse Case management services of Suboxone treatment within a community health center setting.

- **Opiate Overdose Prevention** involves Narcan distribution, training and education for active opiate user, family members, friends, and treatment staff.

- **Outpatient Services** include assessment, counseling and follow-up for individuals and families experiencing problems with alcohol and other drugs. Psycho educational groups may be offered to those at risk of substance abuse or addiction.

- **Transitional Support** is structured residential support and case management for individuals post detox and in transition to residential placement. Individuals must be referred from an ATS program or homeless shelter.

**Recovery Programs**

**Types:**

**Recovery Homes** are transitional residences for men and women, eighteen years of age and older, who are in the early stages of substance abuse recovery. They provide a home-like atmosphere in which recovering alcoholics and drug addicts receive individual and/or group counseling, educational vocational training, and support that helps residents to return to independent, drug-free living in the community. All programs are staffed seven days per week, twenty-four hours per day.
Recovery Support Centers offer people in recovery peer support that helps to prevent relapse and promote sustained recovery from alcohol and drug use. The center will offer an environment which enhances life skills and creates opportunities to connect with others in recovery and the broader community. Information about treatment services and referral to treatment will also be offered.

Social Model Recovery Homes are transitional residences for men and women eighteen years of age and older, who are in the early stages of substance abuse recovery. Social Mode Recovery Homes provide a lightly structured, drug-free environment. This supportive environment is maintained through twenty-four hour staffing and case management services. The emphasis is placed on assisting residents to provide one another with a culture of recovery, support, sharing, and positive peer role modeling.

Substance Abuse Prevention Programs offer primary prevention services and opportunities to increase the factors in the lives of youth at risk that protect them from substance use and decrease their risk of health problems. Science based curriculums are used for youth programming and environmental strategies are used within community coalitions.

Supportive Housing provides case management services within an alcohol and drug-free living environment that reinforces recovery through establishing community-based supports to maintain ongoing goals in the recovery process. These programs have linkages with a range of services in the continuum of care. These linkages will assist and support residents to address primary health concerns, as well as develop skills and abilities to sustain recovery, continue to establish independence, and provide opportunities for aftercare planning.

Therapeutic Communities are transitional residences for men and women eighteen years of age or older, who are in the early stages of substance abuse recovery. Therapeutic Communities provide a highly structured environment with defined social and behavior boundaries. Both residents and staff act as facilitators, emphasizing personal responsibility for one’s life and for self-improvement. The residents, with staff support, have defined tasks, which facilitate the ongoing operation of the program. Residents play a significant role in managing the Therapeutic Community, acting as positive role models for others.

**Alcohol Anonymous Western Massachusetts Intergroup**

[www.westernmassaa.org](http://www.westernmassaa.org)

1(413) 532-2111

Alcohol Anonymous is a 12-step self-help program for individuals recovering from alcoholism. Call or check website for list of meetings.
Allies in Recovery
www.Alliesinrecovery.org
Allies in Recovery is a resource for loved ones of people struggling with addiction. It offers free membership to the subscription site to all Massachusetts residents by logging in using a Massachusetts zip code.

Hampshire HOPE (Heroin, Opioid Prevention and Education)
www.HampshireHOPE.org
1(413)587-1219
Hampshire HOPE is a community effort made up of many organizations, such as treatment centers, schools, the Northwestern District Attorney’s Office, first responders, and local health departments. Its mission is to help people and families struggling with opioids — like heroin and prescription medicines — in Hampshire County, Massachusetts. Its goals are to prevent heroin and prescription drug misuse and addiction, prevent overdose from prescription drugs and heroin and help more people get treatment and recover from heroin and prescription drug addiction. Contact Cherry Sullivan at 1(413)587-1219

Learn to Cope
www.learn2cope.org
1(508)404-3539
Learn to Cope is a non-profit support network that offers education, resources, peer support and hope for parents and family members coping with a loved one addicted to opiates or other drugs. Founded in 2004, the organization has grown to include over 7,000 members and has become a nationally recognized model for peer support and prevention programming. Massachusetts Substance Abuse Information and Education
www.Helplineonline.com
1(800)327-5050
The Massachusetts Substance Abuse Information and Education Helpline provides free and confidential information and referrals for alcohol and other drug abuse problems and related concerns. The Helpline is committed to linking consumers with comprehensive, accurate, and current information about treatment and prevention services throughout Massachusetts. Services are available Monday through Friday from 8:00 am to 10:00 pm and on Saturday and Sunday from 9:00 am to 5:00 pm. Language interpreters are always available.

Narcan Training and Distribution
Nasal Narcan is available at Walgreens pharmacies in all locations in Massachusetts. Training is available at Tapestry Health, Northampton (www.tapestryhealth.org), Holyoke Needle Exchange (413-315-3732, ext. 1), and the Center for Human Development in Orange (www.chd.org). To learn how to administer Narcan, view the following video: www.northwesterda.org/nasal-narcan-training-2014

Narcotics Anonymous
www.na.org
Narcotics Anonymous is a fellowship of recovering addicts who meet regularly to help each other stay clean.
The Opioid Task Force aims to reduce the rates of opioid misuse and addiction, reduce the incidence of opioid overdose, and increase the rates of long-term recovery from opioid addiction. It seeks to decrease non-medical access to prescription medication and increase perception of harm of non-medical prescription drug use; increase access points for screenings and intervention and access to Narcan; increase timely access to treatment; and increase access to supportive recovery services and stable housing and employment.

SMART Recovery
www.smartrecovery.org
1(781)891-7574

SMART Recovery is a self-help alternative to 12-step programs for addiction control. Support is based on Cognitive Behavioral Therapy, and it does not encourage dependency on the group. This group does not accept alcoholism as a permanent condition.

The Recover Project
www.recoverproject.org
1(413)774-5489
68 Federal Street
Greenfield, MA 01301

The Recover Project is a community-driven project that enhances the lives of people in recovery from substance addiction and alcoholism, family members, and concerned others. Located in Greenfield, the Recover Project provides a safe space for peer-to-peer supports based on the guiding principle that competence and wisdom reside in those with lived experience. Members create a positive image and increase community awareness about recovery in order to reduce stigma and offer hope. Information about other community resources that support recovery is available at the Recover Project. Services include: peer coaching, family support advocates, daily peer-led activities, free workshops, resource computers and training, leadership training, art group, yoga, alcohol/drug-free dances and open mic nights, and wilderness hikes. The Recovery Project is supported in part by the Massachusetts Department of Public Health, Bureau of Substance Abuse Services, and the Greenfield Community Development Block Grant.

Section I. Local Transportation Resources

Transit Authorities

Berkshire Regional Transit Authority
www.berkshirerta.com

The Berkshire Regional Transit Authority (BRTA) provides public transportation services to its 24 member communities within Berkshire County, the westernmost region of Massachusetts. Fixed route service is provided by fourteen bus routes in 12 communities, Monday through Saturday. Paratransit services are provided to eligible persons from the BRTA’s member communities for ambulatory, non-ambulatory, or complementary paratransit ADA service. Single Ride Fares: Local- $1.75, Systemwide- $4.50.

Franklin Regional Transit Authority
www.frt.org

The Franklin Regional Transit Authority (FRTA) along with the Greenfield Montague Transportation Area (GMTA) offer 12 of the 40 towns in FRTA’s service area some form of fixed-route service. The remainder receive demand response service. All fixed-route service connects in Greenfield. Fares are varied, and generally reflect a distance based structure from $1-$3 per ride. The FRTA connects to the PVTA in Amherst, Northampton, and South Deerfield.

Pioneer Valley Transit Authority
www.pvta.com

The Pioneer Valley Transit Authority (PVTA) is the largest regional transit authority in Massachusetts, serving 24 communities in the Pioneer Valley in Hampshire and Hampden Counties. PTVA offers the following services: Fixed-route service; ADA Complementary Paratransit; Dial-a-ride “Senior Service” for adults age 60+; and Travel Training. Fares: Fixed-route service- $1.25; Complementary Paratransit- $2.50, $3.00 or $3.50 depending on location; Senior Service- $2.50, $3.00, or $3.50 depending on location.

Section II. State Transportation Resources

Massachusetts Veterans Transportation Coalition

The Massachusetts Veterans Transportation Coalition (MVTC) is a collaborative effort to increase awareness and improve veterans’ transportation options. Its goals are to share information about the availability of existing transportation resources, to encourage networking and collaboration among transportation providers and veteran serving agencies to address unmet needs and facilitate opportunities for better coordination, and to advocate for veterans’ transportation needs. Veterans can view available transportation options online.
Motor Vehicle Excise Tax Exemptions

www.mass.gov.dor

Veterans who by reason of service in the armed forces of the United States have suffered the loss, or permanent loss of the use of one or both feet or one or both arms or has permanent visual impairments as determined by the Department of Veterans Affairs (VA) or has been determined by the medical advisory board within the Registry of Motor Vehicles to be permanently disabled is eligible for motor vehicle excise exemption (applicable for only one motor vehicle owned and registered for personal, non-commercial use).

Soldier On

See Housing, Section I, Housing for Veterans, Soldier On, p. 38.

Veterans License Plates

www.massrmv.com/rmv/veteran/vet.htm
1(617)351-9322

The following license plates are available for eligible veterans: Veteran plate, Ex-POW plate, Medal of Honor plate, Legion of Valor plate, Purple Heart plate, Pearl Harbor Survivor plate, Silver Star, Bronze Star, or Distinguished Flying Cross plate, Gold Star Family plate. A veteran who has been issued a veteran plate will be furnished (upon request) a distinctive emblem which identifies the branch of the armed services in which the owner served or the wartime service in which such owner served. There is an additional cost for the veterans’ series plates and they cannot be used for a vehicle requiring a commercial registration under Massachusetts law. The following veterans’ fee exemptions are available:

Disabled Veterans Registration Exemption

www.massrmv.com/rmv/veteran/taxexempt.htm

Disabled veterans who by reason of service in the U.S. armed forces have suffered the loss of, or permanent loss of use of, one or both hands or feet, or who have permanent impairment of vision in both eyes, or any other disability or handicap of such veterans that may be determined by the Medical Affairs Branch of the Registry of Motor Vehicles, are eligible to receive, free of charge, disabled veterans’ motor vehicle registration plates and are exempt from the biannual registration renewal fee.

Former Prisoners of War Registration Exemption

www.massrmv.com/rmv/veteran/taxexempt.htm

All veterans of any war or military action who, in the course of duty, have been captured and incarcerated by an enemy of the U.S. during an armed conflict are eligible to receive, free of charge, Ex-POW motor vehicle registration plates and are exempt from the biannual registration renewal fee, and their surviving spouse may elect to retain the plates until s/he remarries, or fails to renew or cancel such registration.
The Women Veterans’ Network of the Department of Veterans’ Services (DVS) was established in 1997 with the vision of being the central resource for women veterans in Massachusetts. It provides women veterans with information on federal, state, and local benefits; expands awareness of the needs of women veterans and identifies available health and human resources to meet those needs; and advocates on behalf of women veterans in the Commonwealth of Massachusetts.

**Database of Women Veterans**

The Women Veterans’ Database is an information bridge, which connects Massachusetts women veterans with various resources and benefits available to them. Women veterans who join the network will also receive a bi-annual newsletter and information on annual women veterans’ luncheons where women veterans can connect with one another.

**Veterans’ Service Officers**

Veterans’ Service Officers (VSOs) can assist women veterans in applying for federal benefits and state medical, housing, educational, employment, motor vehicle, burial, real estate, and annuity benefits. See Benefits and Benefit Aid, Section II, Chapter 115, Veterans’ Service Officers, p. 6.

**Women Veterans’ Network Committee**

Members of the Women Veterans’ Network Committee include women veterans from all eras, U.S. Department of Veterans Affairs representatives, local Veterans’ Service Officers, and representatives of veterans’ service organizations, and active duty military personnel. The Committee meets bimonthly to share information and work on projects.

**36 Frequently Asked Questions from Massachusetts Women Veterans**

The Women Veterans’ Network Committee compiled a booklet answering the 36 most frequently asked questions of Massachusetts' women veterans. This publication is an easy-to-use reference tool that points readers to the federal and state programs and resources available to women veterans. These books are available at no charge. Call or email the Women Veterans’ Network to request a copy.

Department of Veterans Affairs Services for Women

Center for Women Veterans
www.va.gov/womenvet
1(855)VA-WOMEN

The Center for Women Veterans’ mission is to monitor and coordinate Department of Veterans Affairs’ (VA) administration of healthcare and benefits services, and programs for women veterans; to serve as an advocate for cultural transformation in recognizing the service and contributions of women veterans and women in the military; and to raise awareness of the responsibility to treat women veterans with dignity and respect. Women Veterans Program Managers are located in each VA healthcare facility to assist women veterans. Women Veterans Coordinators are located in each VA regional office.

Women Veterans Healthcare

VA Central Western Massachusetts Healthcare System Women Veterans Program
Kim Adams RN, Manager
1(413)584-4040 x2240

The Department of Veterans Affairs’ (VA) Women Health Service office provides programmatic and strategic support to implement positive changes in the provision of care for all women veterans. At each VA Medical Center, a Women Veterans Program Manager is designated to assist women Veterans. Women Veterans who are interested in receiving care at VA should contact their nearest VA Medical Center and ask for the Women Veteran Program Manager.

Services provided for women at VA Medical Centers include: general health, primary care, birth control, eye exams, maternity care, infertility evaluation and treatment, menopause evaluation and treatment, osteoporosis screening and treatment, gynecological care, cancer screenings, mammograms, wellness and healthy living, nutrition and weight management, and the stop smoking program. Mental health services include management of depression, anxiety and stress, adjustment from deployment, and counseling and treatment for Military Sexual Trauma (MST), violence and abuse, and alcohol and drug dependence. Other supportive services include: chronic pain management, home based primary care, the homeless program, nursing home care, physical therapy, and the transitional housing and work program.

Victims of Military Sexual Trauma

Women Veterans Organizations

WAC Veterans’ Association
www.armywomen.org

Those who have served honorably with the Women’s Army Auxiliary Corps, The Women’s Army Corps, or those who have served or are serving honorably in the United States Army, the United States Army Reserve or the Army National Guard of the United States, are eligible for membership in the Women’s Army Corps Veterans’ Association. The membership has grown each year, with new chapters being formed wherever possible. Where no chapter exists, eligible persons become Members-At-Large (MALs) who attend the conventions and participate in the organization’s programs and in their various community programs. Each chapter carries out the program laid down by the National Organization, with emphasis being placed on Department of Veterans Affairs (VA) Hospital volunteer work and Community Service in the local and national community.
WAVES National

Permanent Drug Drop-Off Boxes

The Northwestern District Attorney's Office, in collaboration with local police and Hampshire and Franklin Sheriffs’ Departments, coordinates the Drug Drop-Off program.

Unwanted prescription drugs can be brought to the green MedReturn Box, no questions asked, at the following police stations. Prescription and non-prescription drugs, vitamins and veterinary meds are accepted and the medicines can remain in their original containers with labels.

Help get them out of the wrong hands, away from children and teens – and out of the environment. They will be disposed of in an environmentally sound way. For more information, see http://northwesternnda.org/

VETERANS JUSTICE PARTNERSHIP

A COMMUNITY PARTNERSHIP HELPING VETERANS

- The Veterans Justice Partnership (VJP) is a collaboration of community and criminal justice partners with the goal of helping veterans and service members in need.
- The purpose of the VJP is to develop service and treatment options and, where appropriate, propose alternatives to incarceration.
- VJP coordinates services among treatment providers and the courts, attorneys, jails, probation officers and houses of correction.
